DELEGATES ON A SMASH-UP.

TUESDAY, June 26.—The fast train on the Baltimore and Ohio, loaded with Ohio delegates, ran into a freight train near Chicago Junction at 2 o'clock this morning, while going forty miles an hour. The engines, baggage car and freight cars were demolished and the track torn up for a long distance. The engineer was fatally hurt and passengers were scratched and bruised. All were taken back to Fostoria and around to Columbus. The road was blocked for several hours.

TUESDAY, June 26.—On Saturday morning Mr. Stephen P. Martin, a well known citizen of Turin, was killed by falling head foremost into a well forty feet deep at Henry Hoffman's in Heard county. Mr. Martin and another young man went down in the well to make a blast; the young man told Mr. Martin that he could not stand the gas and was drawn out almost suffocated.

Mr. Martin then called for the rope to be sent down for him. Putting his foot in a loop in the rope he was drawn to the top. When the air struck him he fainted and fell back into the well, mangling him terribly. He was a useful citizen and generally liked. He leaves a young wife.

St. Louis, June 26.—A special dispatch from the city of Mexico says: Telegraphic communication which has been interrupted for several days by floods, has been restored and the particulars of terrible disaster along the Mexican Central railway, particularly at Leon and Silo, are obtained. During the past two days the table lands between here and Zacatecas have been visited by unprecedented rains. Every mountain rivulet along the Mexican Central railway for more than 200 miles has been converted into a destructive torrent and the valleys presented the appearance of lakes. Many cities and towns have been inundated and Leon and Silo have been partially destroyed. The houses in this country are almost universally adobe, which soon becomes saturated and when exposed to the action of a current of water, speedily fell to pieces. At Silo about two hundred and thirty-five houses were destroyed, but it does appear that there was any loss of life, the suffering being principally from exposure and scarcity of food.

At Leon, however, the climax of the flood came in the night, and people were crushed or drowned in their falling houses and in their endeavors to escape to high ground. The town was in the center of a lake, which had formed about it from the sudden springing of the river. The estimates of the loss rather increase than diminish as investigation proceeds.

June 20th was the night of greatest disaster. The very last statement, just received places the number of houses destroyed in Leon at 3,224, and of homeless families at more than 250 bodies have been recovered from the ruins, and there is no probability that the entire number will fall short of 700.

A dispatch from El Paso places the estimate of loss far beyond City of Mexico figures. It says that in the flooded district, not exclusively Leon, fifteen hundred lives were lost and that one thousand bodies have been recovered. Leon is a city of one hundred thousand inhabitants, and a large part of it is in ruins. The Mexican collector of customs at El Paso received an official dispatch stating that one hundred miles of the Mexican railroad is impassable and that it will be ten days before mails can get through and twenty days before freight can be moved.

Shot Him Four Times.

Frank A. Thornton, better known as "Racke" Thornton, formerly residing in Rome, keeps a fruit and lemon stand at the corner of Tenth and Gurnee streets in Anniston. A man named William Pelham, brother of "Gallant Pelham," attacked Thornton with a butcher knife and was shot four times by "Racke." The fuss grew out of a partnership they expected to form to run a restaurant. Pelham was drunk and had threatened Thornton's life several times. Thornton waived examination at the trial and was placed under a \$1,500 bond, which was signed by J. W. Noble and R. W. Miller. Pelham says he will not prosecute Thornton.

AFTER EIGHT YEARS.

A Bride Who Had Been Torn From Her Husband Finds Him in Kentucky.

From the New York Graphic.

In October, 1880, John Stine, a well to do business man of Brownsville, Pa., was married to Miss Martha Brannon, the daughter of one of the town's wealthiest citizens. The marriage was clandestine and the brides parents were not told of it for two years later, because they had always opposed the match. When apprised of the fact that young couple was hastily prepared and sent to Europe, but not until she was followed several miles from her home and torn from the arms of the husband, who was wounded by a pistol ball fired by the irate father. Never since that eventful night when young Stine attempted to elope with his wife, has he been able to get a sight of his wife. He wanted all of his small fortune in a vain effort to find her, but every attempt resulted in an ignominious failure. Two years ago he went to Louisville, Ky., reduced in circumstances and bad health. He worked at any kind of labor to be found and by showing an inclination to do right, was employed most of the time. The wife remained in Europe until a vessel for two years, and during her stay a child—a bright little girl was born to her. She prevailed upon her relative to allow her to return to America, and finally her parents consented that she could. Arriving at this side of the Atlantic she began a search for her lost husband, but time after time was met with failure. Not to be daunted or allow any obstacle to be laid in her way she kept up courage and at last was rewarded by learning that about four years ago a man by the name of John Stine had lived in Stuebenville, Ind., and from there had gone to Cleveland, O., where he slipped on board a grain steamer for Buffalo. Going to Buffalo she found that Stine had located in Columbus, O., thence to Cincinnati, and from there went to Kansas City, and at last to Louisville, Ky. Mrs. Stine, in a quiet way, learned that a man by the same name as that of her husband passed down Green street in that city every evening and placed herself in a position to identify him if possible. For two or three evenings the man was permitted to pass unnoticed, but yesterday, being satisfied that she with the child, stood on the walk until the long lost husband and father came near them, and without ceremony rushed upon him. If the heavens had fallen he could not have been more surprised, and the trio seemed overcome with joy. They are to return to their old home in Pennsylvania, where the fortune of the wife is large enough to support them in comfort for the rest of their lives.

PUBLISHED WEEKLY AT DALLONOGA, GA.
DALLONOGA, GA., July 6, 1888.

FOR PRESIDENT,
GROVER CLEVELAND,
OF NEW YORK.
FOR VICE PRESIDENT,
ALLEN G. THURMAN,
OF OHIO.

Lumpkin County Democratic Meeting.

DALLONOGA, GA., July 3rd, 1888.
According to a call from the Chairman of the Democratic Executive Committee of Lumpkin County a very large meeting of the Democratic party of Lumpkin county assembled in the Court house to-day to nominate delegates to the 9th Congressional District Convention which assembles in Gainesville on the 14th Aug., 1888. Also, to nominate delegates to the Gubernatorial Convention which convenes in Atlanta on the 9th Aug., 1888.

Capt. W. J. Worley, Chairman of the Democratic Executive Committee of Lumpkin county, was chosen permanent Chairman, and Capt. J. W. Woodward was appointed Secy. On motion W. H. McAfee, M. G. Boyd, H. D. Gurley and W. S. Banger, were appointed by acclamation as delegates to the Gubernatorial Convention.

A motion prevailed that the Congressional delegates be elected by ballot. It was further agreed that two delegates and two alternates be elected.

W. H. McAfee, in view of the prevailing excitement made a short speech in the interest of harmony of the party, and nominated Dr. Wheeler and Capt. Woodward as candidates in the interest of both the candidates which will be before the convention.

Col. Price, also spoke advocating unimpaired delegates.

Col. M. G. Boyd then took the floor and made a rousing speech, showing up Col. Candler's administration and in defence of Col. Lester. His speech was a fine effort of oratory and fact, which received a hearty sanction by the opposition of Candler.

Dr. Howard, also, spoke in the interest of Candler and wanted harmony—a Candler man and a Lester man for delegates as nominated by Capt. McAfee.

Just at this juncture, Col. Baker, became so hot that he was about to boil and arose in defence of his man Candler, and in opposition to Lester, showing up the latter named gentleman's record, in one of his scathing and enthusiastic efforts.

On motion of W. H. McAfee an election was entered into, and Wm. A. Charters, Dr. C. H. Jones and J. W. Boyd were appointed tellers. Dr. H. C. Wheeler Wm. M. Smith, Candlermen and J. W. Woodward and A. C. Johnson, Lester men, were put in nomination and the following is the vote:

Woodward.....	128
Johnson.....	131
Wheeler.....	77
Smith.....	77

The vote was announced from the chair and Johnson and Woodward was declared elected. J. C. Stargel, and E. E. Crisson, were appointed alternates by acclamation.

The election was made unanimous by acclamation.

On motion a meeting was called by the Chairman of the executive committee to take into consideration the nomination of county officers for the first Tuesday in Aug.

A motion prevailed requesting these proceedings to be published in the DALLONOGA SIGNAL, and that the Eagle and Constitution be requested to copy.

On motion adjourned,
W. J. WORLEY, Chair.
J. W. WOODWARD, Secy.

LONG BRANCH.

The Teal and Adams Gold Mining Company have their mill in complete running order, and are now making gold in satisfactory quantities; in fact it is even doing better than was anticipated. The mill is one of the most improved California patterns. The President Mr. Wm. Robb of Philadelphia came on and it was he who opened the throttle valve, and started it for regular work. Upon our visiting the mill a few days after we found it working splendidly the plates showing gold finely. Thus showing that when gold mining in old Lumpkin county is carried on with business principles and intelligent direction it will pay, and I pay handsomely.

The company have for its Superintendent, Mr. Wm. Skymie by whose skill and excellent management the Hale and Norcross and other celebrated mines on the Constock produced their millions. We congratulate this company that the outlook is so flattering, and upon having such a very valuable property and which under the present management cannot fail to make them large profits upon their investment. We understand, also, that it is in contemplation to add an additional mill to utilize the extra power and thus increase the output of gold. From present indications, quality of the ore &c, we can but fortell a very prosperous run. Prospectors in the main tunnel report the ore as paying from one to four grains to the pan.

It is our firm belief that there are no mines upon the gold belt of N. E. Georgia but what will pay handsomely if conducted upon the business principles of the Teal & Adams the Pigeon Roost, Hand, Yahoala, Cane Creek, and Lockhart, and the Caps, which is showing up fine ore, and the mill is to be started soon, and other noted mines now working in our midst.

We hope the Teal & Adams may find it necessary to add additional power to that they now have, and their mine turn out to be richer than ever.

New mines are being opened every day and prospectors are busy. A new era of mining and mining interest have dawned upon us, and we predict that in a very short time our population will be visibly increased by the addition of mining men. This will be due not only to the fact that we have the mineral, but we have also among us, men of enterprise, who do not know such a world as fail.

INSPECTOR.

State S. S. Association

DALLONOGA, GA. June 27th, 1888.
To the President and Members of the 24th S. S. Dist. of Ga. and President and Members of Lumpkin Co. S. S. Association.
As your chosen representative and as it devolved upon me to represent this district, allow me to say that I did my task in an humble, conscientious manner. And I am glad to bring you the good news, that there are earnest workers of all evangelical denominations of the state in this association and one of the great objects of this State association is to unite all denominations in one grand effort to aid the countless multitude to gain the victory, over the world, the flesh, and the devil, sowing seeds of righteousness whereby the homes and hearts of future generations will be made glad, and only the endless ages of an infinite eternity can weigh the grand results of the combined efforts of the good. Great interest has been manifested and good results have marked the progress of the association. Georgia is regarded as the Empire state of the south her moral influence is great and the nation is looking up to Georgia as a leader. Were it not for the principles of virtue, honesty, intelligence and Christianity, that is being enucleated in the hearts and minds of the future voters of this land by the S. S.—freedom would shrink, and nations would sink into a state of chaotic lethargy. We are infinitely indebted to thee O Lord, for our many privileges and that our portion at this time is not amongst the children of eternal wrath. We bless thee that organizations have been

raised in these latter days, composed of all denominations of thy servants, for their conversion from dumb idols to the living God. The S. S. is surely the Right Arm of the church and is the only means by which children can receive proper religious instruction, at least it is the best way we have of educating the young in christ, for we know if we bring our children up in the S. S. they will make God loving and God fearing men and women.

The association was truly a success, there was quite a nice and interesting programme arranged and almost carried out. The reports showed that the work of the association for the last year had met with success and that there was quite an increase over the last report.

I am sorry to say that 24th Dist. composed of the counties of Rabun, Habersham, Towns, White, Union and Lumpkin had but one representative. Now let us beat this next year, let every county send delegates and a statistical report of the S. S. work. For your information desired confer with R. B. Reynolds, Pres't Savannah Ga. or J. C. Courtney Sec'y. Atlanta Ga. Rev. C. A. Jameson of Toconga Ga. is Pres't of this 24th Dist. and M. N. Shaw DALLONOGA, GA. Sec'y. The Pres't. and Sec'y of each county should report to and confer with the Pres't. and Sec'y of the Dist. would like to advise as to how to organize, conduct and govern S. S. Co. associations and C. C. but space will not allow me to do so. The next State convention will be held in Brunswick at such time as the Executive committee may appoint. Let us as individuals and officers of Dist. and Co. associations do all in our power to knit the hearts of Gods people closer together. Let Forward be the watchword for

We are living; We are dwelling,
In a great and awful time,
In all age on ages telling,
To be living is sublime.

Thanking you for the honor conferred I am Faithfully, Your Obedt. Servant. MICOLLIUS N. STOW.

WOMAN AND WILDLIFE.

Terrible Encounter, in Which the Former Came Off the Winner.
From the Macon Telegraph.

Mrs. G. F. Harris, living near Wekiva river, some five miles from Poch, Fla., is the latest heroine in a wild animal encounter. A correspondent of the St. Louis, Globe-Democrat thus describes the fierce fight:

Day before yesterday, early in the forenoon, Mrs. Harris heard a terrible uproar in the yard, where her father's pets were. Snatching up the heavy rolling-pin with which she was rolling out dough, she rushed out to their defence. As she entered the yard great was her dismay to encounter a big, ferocious wildcat, that was lying down and tearing a big pet Plymouth Rock pet into pieces. This made her mad, and, not stopping to count the danger, she stepped forward and gave the beast a heavy blow on the head with her weapon. The cat, though knocked over, sprang up at once, and with a snarl of pain and rage sprang at her, its bristling hair and wide open jaws, with its rows of glistening teeth, forming a picture to appal the stoutest. Nothing daunted, brave Mrs. Harris again hit the animal and sweeping him on the side, which hurled it over and over. The animal's rage increased by the hits, and in an instant the ferocious beast jumped at her throat and succeeded in seizing hold of her dress near the shoulder, while its claws began tearing her side. She raised her foot after blow on her assailant, but to no purpose. She felt its cruel teeth grasp her shoulder like a vise, while the blood flowed from scratches on her arms and side. Summoning all her strength, she brought down the club on the cat's head with a resounding whack. Her dress gave way, and the animal sank to the ground partially strangled.

Giving it another hit she turned and ran out of the yard, closing the gate and starting for the house, the loss of blood and the terrible strain beginning to tell on her. The wild cat seemed frenzied in its rage at her escape as it recovered, and jumping up a small tree in the inclosure, leaped over and sped after her. As the woman entered the door the cat caught up with her, and with a flying leap, grabbed her by the shoulder. The woman, with a cry for help, fell forward, dropping her rolling-pin which rolled out of her reach. As she fell with outstretched arms her right hand accidentally fell upon several lightwood knots that were lying by the stove for fuel. Mechanically her fingers closed on one, and she recognized that she had a serviceable weapon. Roused to sudden strength and fury by her precarious position, she lerned and dealt the snarling cat blow after blow with the iron-like point of the lightwood lance. Providence, it appears, directed her aim, for on the second blow the sharp point entered the animal's eye to the brain. With a stifled cry and a furious thrashing of its claws, the cat turned over dead.

Mrs. Harris swooned away and lay there in a pool of blood, with the bloody and ferocious looking animal by her side, till her husband returned from the store some hours after. He thought at first that she was dead, as her dress was almost stripped from her body from her waist upward, while big rents were visible in the skirt. Her face, arms, side and back were one mass of scratches, but none of them very serious, as her stout woolen dress had protected her greatly. By good nursing and care she is now in a fair way to recover, though her nervous system was greatly shocked by the peril she was in. The wildcat was a monster—one of the largest seen hereabouts for years. It was half-starved, and probably this is what caused its savage assault on Mrs. Harris.

Cure of Cancer and Ulcers.

Judge T. C. McLenon writes to the Swift Specific Co.: "About three years ago Jerry Bradley had a cancerous sore on his face, near the right eye. It caused him a great deal of pain, and he lost the sight of the eye but was finally cured by the use of Swift's Specific. This case is well known in Wilkes Co., Ga., where he lived."

Mr. L. Cox, of Arkadelphia, Tate Co., Miss., writes: "I suffered a great deal from old ulcers for years. Your medicine was recommended, and after using six bottles was completely cured. Your medicine does even more than you claim for it. I have known it to cure cases which were thought hopeless."

Mrs. A. M. Goldsmith, No. 764 Warren St., Brooklyn, N. Y., writes: "I commenced using S. S. S. about three years ago. I had suffered much with a sore throat for over a year. I used a great many other remedies with no good result. My little girl, also, had sore fingers; it commenced from the quick and then the nails would come off. We judged her for over two years and when I began using S. S. S. I thought I would see what it would do for her. I am thankful to say that it entirely cured her. It is the best remedy I know of for the blood. I really believe it was the doctor told me I had a blood disease similar to General Grant's. I cheerfully recommend it to all suffering from disordered blood."

Trout Fishing.

A party consisting of Col. M. G. & Jos. W. Boyd, W. R. Chambers, Frank Reese, & M. N. Stow of this place and Mr. Wm A. Wheelchel of Gainesville, left Wednesday morning for Cooper's creek near Blood Mountain, where they will spend the week fishing for the rare fry.

—Aunt Nancy Wimpy, and Miss Nannie Martin who has been in Gainesville a few weeks has returned home.

CANDLER & LESTER.—From the best information we could gather from the grape vine dispatches is, that Grinnett has gone for Peoples, Jackson, for Pike and other counties heard from Lester and Candler about even, and the probability that the other counties to hear from, will give Candler a small majority over Lester.

This showing will cause the adoption of the two-third rule regarding to the old democratic usage, and Peoples's or Pike's nomination for Congressional honors about as good as Lester or Candler's.

—Jim Daniel Edwards was called to the front and says that Mr. Tanksley name is not as we reported last week but it is James, Charles, Henry, Augustus, Cicero, Alexander, Lafayette, Napoleon, Alfred, Bonaparte, Tanksley. The gentleman name mentioned was sick and could not attend the county convention on last Tuesday consequently did not get his share of Candler hiker as the boys called it; but Jim Daniel represented. Boney and drew two rations.

CHICKEN CHOLERA.—Many chickens are dying with the Cholera when Williams & Co are selling the famous Cholera Cure backed up by testimonials that it is an infallible remedy.

—Old books exchanged for new crop onions, says the Hill Med. Co's bulletin board. McGuire will have to explain.

—Capt. Ingersoll had a very pleasant trip to the Chicago Convention, and returned to his quarters at this place last Saturday. He looks a little worse from the fatigue and excitement of the trip.

—Charles Lowrey (colored) who looks like a New York Senator, formerly of this city, but now with Col. N. B. Hunt of New York, is seen upon our streets.

—Miss Jennie Moore, who has been absent about two weeks visiting relatives in South Carolina returned with her niece Miss Mary Redick, of Darlington S. C.

DEATH.—Samuel Parks, son of M. Thomas Parks, of Hall County and grand son of uncle Benney Parks died a few days ago; he was about twenty two years of age, and had been out in Alabama some time and on his return home took the fever and died. He was a young man of excellent qualities and his death is much regretted by his kindred and friends.

—Col. Wm A. Charters, has gone to Morgan to investigate the Hope, Barker horse case which was set for a hearing on yesterday.

Since Mrs. Cleveland became the President's wife she has to wear gloves two sizes larger than she wore before she was married. Her left hand is very little, if any larger, but the right hand, which has done so much shaking in its official capacity, is noticeably larger than the other, and she recently told a friend that it was impossible for her to wear her old number in gloves. The same is probably true of the President, but as men wear their gloves so much looser than women, he might not know it by that means but if he compare his two hands he will see the difference.

A Sound London Opinion.

Memphis, June 29.—Thos. Morehead, an old citizen, was stabbed six times by Thos. Taylor, a young man, last night, and died this morning. The trouble was over elopement of Mr. Morehead's daughter with Taylor, the old man compelling the girl to return home. On meeting the old man, Taylor attacked him, with the result as stated.

—Mr. Joe. Gurley who has been rusticated around Gaddistown for several weeks spent several days the past week in Dahlonega. We are glad to note a visible change in his health for the better.

In 1876 the Knights of Honor grand lodge of Georgia was organized and has since paid to families of members in this State \$600,000.

ELECTION NOTICE

ORDINARY'S OFFICE July 4, 1888.
It appearing from a petition filed in my office that one-third of the legal voters of Lumpkin County have expressed a desire to have an election under the local option laws of this State. Approved Sept 18 1885 It is therefore ordered that an election be held on Tuesday the 7th day of August next at the various precincts in Lumpkin County under the same rules and regulations governing election for members of the General Assembly. Those voting against the sale of intoxicating liquors will endorse on their tickets: "Against the Sale" and those in favor of sale of intoxicating liquors will endorse on their tickets: "For the Sale." Returns to be made to be in my office on or before the 10th inst. F. M. WILLIAMS, Ordinary, July 6th.

"Heiress to Millions."

The newspaper stated, and how many women, probably, read the same, and envied her. But little was she to be envied, however; for in spite of her great wealth she was miserable. It was her lot, in common with myriads of women, to suffer from those "chronic weaknesses," which are peculiar to the female sex. Miserable, nervous, and discouraged, she would gladly have given every dollar of her fortune for one brief installment of health. How easy and how inexpensive, would be the journey to health, if Dr. Pierce's Favorite Prescription was selected as a remedy, and the use of the same persisted in; that is, the experience of thousands of women afflicted in the above manner, teaches us to predict so. It is the only medicine for women, sold by druggists, under a positive guarantee, from the manufacturers, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle wrapper, and faithfully carried out for many years.

Dr. Pierce's Pellets, or Anti-bilious Granules, cure sick headache, dyspepsia and constipation.

This powder never varies. A marvel of purity, strength and wholesomeness. Pure as the driven snow. It is made and sold in competition with the thousands of low test, short weight, adulterated powders, sold only in cases. ROYAL BAKING POWDER CO., 10, WALL ST. N. Y.

COMER'S GUARANTEED CHICKEN

Gholera Cure!

After using this medicine for the past ten years, and never finding a case of Chicken Cholera that it would not cure, I feel no hesitancy in offering it for sale with a guarantee that it will cure every chicken that has the Cholera with it, enough to eat a particle of the medicine. Your dealer will REFUND THE MONEY, IF IT FAILS TO CURE. Please read the following TESTIMONIALS.

Judge HOWARD Conn. who is authority on all points pertaining to the poultry yard, publishes the following letter in the Southern Farmer: "Comer's Guaranteed CHICKEN CHOLERA CURE—This Summer I have had the first touch of cholera in my yard for several years. I lost my best cock and several hens. My neighbor, Mr. James T. Comer, of Athens, Ga., heard of his Cholera Cure, and sent me a package of his Cholera Cure. When I used this medicine I had two hens in collapse condition, too far gone to eat and about to die. The remedy in food, as directed, to the flock. I gave the two hens named the medicine in solution. One of these died, the other is now well. In twenty-four hours she was relieved, and in one week entirely well. The other affected fowls all recovered health and vigor in a few days. No other case developed. All my flock are now well. It is a worth now since the disease disappeared. I believe the remedy of my friend Comer saved me from a destructive mishap of the worst destroyer of fowls."

HARMONY GROVE, GA., August 22, 1887.—This is to certify that I have given Comer's Guaranteed Chicken Cholera Cure a trial, and can safely recommend it as a certain cure for this fatal disease among fowls.

W. J. GOSS, ATHENS, GA., May 7, 1888.—Mr. J. T. Comer—Dear Sir: When I got the package of Cholera Cure from you my fowls were affected with something that I supposed was the cholera in its first stages. I gave them only a few doses and since that time they seem perfectly healthy, and are now in splendid condition. Yours truly,

W. C. ORR, HARMONY GROVE, GA., March 8 1888.—J. T. Comer, Athens, Ga., can recommend your G. C. C. C. to anyone. It is all I claim for it.

Respectfully, R. L. HARDMAN, Sold by S. H. Williams & Co., Dahlonega, Ga.

READY FOR THE FIGHT.
(Chicago Herald.)

The democracy of the United
States has completed its stand and
taken its position in line of for
the November contest. Its personal
claims upon the consideration of
the American people were never so
great, its moral stand never so
strong as in this instance; and with
Grover Cleveland and Allen G.
Thurman as its candidates, and a
flat footed declaration in favor of
the most decided reforms of the day,
no democrat need fear the result.

New Confederate Home.
From the Macon Telegraph.

BALTIMORE, June 27.—The Pikes-
ville arsenal has been converted in-
to a Confederate soldiers' home.
The formal opening of the home
took place to-day. The stand was
decorated with the national colors
and portraits of Jefferson Davis,
Robert E. Lee and Stonewall Jack-
son. Addresses were made by
United States Senators Hampton
of South Carolina, Vance of North
Carolina, Daniel, of Virginia, Black-
burn, of Kentucky, Vest, of Missis-
sippi, and Hon. J. Proctor Knott, of
Kentucky. Judge George William
Brown presided.

From the Macon Telegraph.

St. Louis, June 27.—A dispatch
from El Paso, Tex., says: Steps
are being taken for the relief of suf-
ferers by the terrible overflow along
the Mexican Central. It seems
that at least 1,500 bodies have
drowned in Leon. Over 100 bodies
have already been recovered.
In some districts the water is
full of dead bodies floating
thick as driftwood and the stench
prevailing the country is frightful.
Measures are being taken all over
Mexico to raise funds for the suf-
ferers.

A KENTUCKY HANGING.
A Negro Dies Protesting His Inno-
cence of the Crime.

LOUISVILLE, June 22.—William
Patterson was hanged this morning
at 6 o'clock in the yard of the Jeffer-
son county jail. He was a col-
ored man, and was convicted, with
another colored man, Albert Turner
for assaulting and beating Miss
Jennie Bowman, April 23, 1887.
Patterson protested his innocence
on the scaffold, and four minutes
after the drop fell said, "Curse them
and then 'Lord save me.' His
struggles were frightful. Many
people believe firm in his innocence,
and there were strong attempts to
secure his pardon.

FOUR MEN INSTANTLY KILLED.

Engineer John Morgan, Fireman
Sam Williams and two tramps were
killed. Mail Agent Davis was dan-
gerously hurt, and Baggage Master
Taylor and four passengers were
slightly hurt. These are all the
casualties reported.

The bridge was over a small
stream and was undermined by a
heavy rain. The officers of the road
are doing what they can to repair
the damage. The killed and wound-
ed were taken to Mobile.

A latter dispatch says that Mail
Messenger, Alonzo D. Davis, colored,
died of his wounds. The other
messenger, Thos. J. Jackey, escaped
unhurt.

A Negro Democrat
One of the most prominent negro
democrats in the United States is
Charles H. J. Taylor, who, a few
months ago, returned from Liberia,
to which country he had been ap-
pointed as Minister from the United
States by President Cleveland.
Taylor is described as being a
about thirty-two years of age, short
and distinctively negro in every fea-
ture. He was in St. Louis during
the recent democratic convention,
and appeared as an alternate dele-
gate from the state of Kansas. Be-
ing a full-blooded negro and a dem-
ocrat, he attracted a great deal of
attention, and was compelled to get
on a table and make a speech. A-
mong other things he said that he
had been a democrat since he was
twenty years of age, and that he
was once shot in Beach Island, Ga.
by republican negroes on account
of his politics.

When President Cleveland was
appointing minister to foreign coun-
tries he selected Taylor for Minister
to Liberia, with a salary of \$6,
to 200 a year, but Taylor wanted re-
turn to the United States, and re-
signed last January. He says he
gave up his salary of over \$6,000
a year in order to come home and
work for the democracy.—Gaines-
ville Eagle.

There are some things that a wel-
bred young lady never does.
She never accepts a valuable pres-
ent from a gentleman acquaintance
unless engaged to him.

She never turns round to look
after any one when walking on the
street.

She never takes supper or refresh-
ments at a restaurant with a gentle-
man after attending the theater un-
less accompanied by a lady much
older than herself.

She does not permit gentlemen
to join her on the street unless they
are very intimate acquaintances.

She does not wear her monogram
about her person or stick it over
her letters and envelopes.

She never accepts a seat from a
gentleman in a street car without
thanking him.

She never snubs other young la-
dies even if they happen to be less
popular or well favored than her-
self.

She never laughs or talks loudly at
public places.

She never wears clothing so sin-
gular or striking as to attract par-
ticular attention in public.

She never speaks slightly of
her mother, and says she "don't
care whether her behavior meets
with maternal approbation or not."

MRS. CLEVELAND'S Independence.
She Doesn't Care a Fig For the Opinion of Society Leaders.
From the Waterbury American.

There is a section of Washington society, the sternly exclusive set, which affects to regard with disdain and aims to keep at a distance the new people whom the fortunes of political war are constantly sending to the front here. These severely select people assume the attitude toward the mixed official society of the capital which the ville noblesse in France assumed toward the second empire crowd. Some years ago I heard an old dame of the exclusive circle say that she would not receive Gen. Grant into her house.

When Mrs. Cleveland became the rage however, the "selects" in due time thawed out and smiled upon her, and in consideration of her beauties and brightness and general refinement they consented to overlook her ascendency and newness, and accept her as one of themselves. Of late, however, it is said that the "selects" have come to regret their generous treatment of the young woman, and it is probable that they drop her. The trouble, it seems arrives from Mrs. Cleveland's continuing to receive as her guest and treat as an intimate one Miss Katherine Willard, a beautiful girl, who possesses a voice of wonderful sweetness, and who was a school-mate of the White House. When Miss Willard first came here last winter as the guest of Mrs. Cleveland, she was received with wide-open arms by society of all grades, in consideration of her girlish beauty and her exquisite voice. Along toward spring society was shocked by an announcement that Miss Willard had accepted a position as instructor in a local young ladies' school. Of course, society people said, they would be compelled to cease to know her, although it would cost them no little regret, as she was such a dear, sweet girl; and of course they thought Mrs. Cleveland would also cease to receive Miss Willard. But, to their dismay, Mrs. Cleveland continues to associate with Miss Willard just as if the latter were not a working girl, and actually has her now as a guest at Oak View.

It has been a fearful trying ordeal for the exclusives, but it is said they have set their faces as firmly as is consistent with good form, and resolved that they owe it to their sacred exclusiveness, come what may, drop Mrs. Cleveland as well as her working-girl friend.

Noble Mrs. Cleveland, nothing could have been published that would have more thoroughly proven the nobility of the lady at the White House Mrs. Cleveland ought to cut loose from these vain society friends, and let them alone in their non-sensical delusions.

DEPUTIES SHOOT EACH OTHER.
Two Officers on a Drunk Engage in a Shooting Affray.

LOUISVILLE, Ky., July 2.—Near Pineville last night, James McGeorge and William Smith, special sheriff deputies, shot each other to death. They were sent to arrest some violators of the local whiskey laws. Returning they stopped at a floating saloon on the Cumberland river. While drinking they got in to a wrangle over a pistol taken from a prisoner. Smith had the pistol and in a scuffle to keep it shot McGeorge through the neck. McGeorge drew his own pistol and shot Smith wildly as he fell. One shot struck Smith in the head, killing him instantly, and the other two wounded Bill Hoskins and another bystander. McGeorge will die. The people were much excited over the affair and the owner of the boat abandoned it and is in hiding.

Some were born to borrow other people's paper—that's nature. Some borrow because they think it's cheap—that's stinginess. Some take the paper and never pay for it—that's forgetful. Some refuse to take it out of the office, and at the same time are owing for it—that's meanness. Some day all who take their paper and pay for it will be wadded to the "promised land"—that's heaven. The balance will go where it is too hot to borrow, and where they won't be at the expense of keeping up fires—that's hell.

FORSYTH COUNTY FOR LESTER

A Corner Stone Laying—Delegates to the District Convention.

From the Atlanta Constitution.

Cumana, Ga., July 4.—Yesterday was a sort of red letter day for our town. The Masonic fraternity laid the corner stone at Piedmont college, with the usual ceremonies on such occasion, Dr. Olin of Gainesville, officiating as master of ceremonies. After this Dr. Olin addressed the mystic brotherhood in a speech on the subject of true Masonic character. It was a good speech. The large crowd then partook of a bountiful picnic dinner spread in the shade of the court house park.

Dinner over, the democracy were called into the courthouse in mass meeting, for the purpose of selecting delegates to the ninth congressional district convention to meet at Gainesville on the 14th of August to nominate a candidate to represent that district in the fifty-first congress. The meeting, which was large, instructed the delegates to be selected to cast the vote of Forsyth county for Hon. George N. Lester as long as there was any prospect of nominating him. This was done without a dissenting vote, and Dr. Ansel Strickland and Rev. A. B. Nuckolls were chosen delegates, with Dr. H. P. Riden and Judge E. W. Lewis as alternates.

A proposition was then made that, in the event the delegates should find there was no chance to nominate Judge Lester, they should then cast the vote of the county for the Hon. A. D. Candier as a second choice. This proposition was voted down, and the meeting adjourned sine die.

Exciting Encounter with a Black snake.

From the Chicago Tribune.

INDIANAPOLIS, Ind., June 27.—Mrs. Jane Ennis of Butler's Switch, Bartholomew county, yesterday had a most desperate encounter with a huge blacksnake. She was standing under a cherry tree in her yard when the snake dropped down upon her body. She was badly frightened, but succeeded in wrenching it loose, and had only done so when it sprang upon her again. She again threw it from her, but the reptile seemed to be determined to conquer and again sprang upon her, this time coiling itself tightly about her neck and shoulders. Her mother heard her screams at this point and hurried to her assistance. It took the combined strength of both to loosen and kill the snake, which measured 6 feet. Mrs. Ennis never gave way until the house was reached, when she lost consciousness. It was sometime before she recovered from the effects of the frightful occurrence.

She Went On to Say.

From the New York Star.

"She began in a shy shrinking, stammering sort of way, and his heart gave a great leap year bound for he loved the girl with that mad devotion which heroines alone can inspire. But he was too poor and proud to say so.

"Er—Mr. Sampson," she said, "I trust that you will pardon me—er—that is over look what I—um—if you would consider."—Then she stopped in shy distress.

"Pray go on, Miss Clara," he said hoarsely, at the same time hitching his chair, you were about to say—

"I was about to say, Mr. Sampson that our clock is nearly an hour slow, and it is really getting very late."

It is no longer a chain-gang offense in Atlanta to get "full" three times. Some of the city and county officials have been there themselves, and "a fellow feeling, etc."

[COMMUNICATED]

Death of Mr. S. E. Simmons.

Mr. Simmons was taken sick on the 25th of last Aug., with pneumonia fever; after which he sent for a physician to treat him the doctor came and broke the fever after 21 days attendance. Then he began to mend and became stout enough to go to his father's he could ride a little on horseback but about one month before he died he took a backset and kept going down all the time when he took another backset which laid his poor body in the grave. He lived on a little chicken ten for about three weeks He talked of never getting well all the time of his sickness, but often said he hoped he would be spared to live with his family. He often said he hoped he would be one of the number that got to heaven. He said he did not think he had lived so long as to miss the happy end. He always gave his children good advice and we will never forget it he was prepared. He leaves a wife two children and an old father and mother and three sisters, and many friends, to mourn his loss. He died the death of a Christian. The morning that he died I thought I would die; but he is in a better world than we are. Before he breathed his last a glorious smile passed over his face. He never spoke a mad word to his wife in his life nor did my mother to him. My father has gone to heaven to sing the happy song with Moses, Job and Daniel and all the happy throng, it was a pleasure to any of the neighbors to see how my father and mother lived. He was the favorite of his father and mother. His father said that he was always sickly and that he was his favorite child. He was always loved by the scholars while he taught school.

Mr. Simmons was buried at Mt. Zion church where he joined in 1873. He was buried in the Simmons' grave yard just a little way from the church the night that my father lay a corpse I could hear his voice singing in my ears: He was buried on Sunday. He said that he wanted to be dressed like he was going to church. He was buried as high the way he wanted to be as he could have been. The day that he was buried it was raining and I was so lonesome that I could hardly stand it just think of having to go home to the lonesome house and no father there to keep us company. There was one hundred people at his burial and there would have been more if it had not been for the weather.

The above was written by the son of the deceased, and is published by request, to gratify the family.

The Signal.

BY J. P. REED & SONS.

PUBLISHED WEEKLY AT DARIEN, GA.

DARIEN, GA., July 13, 1888

FOR PRESIDENT.
GROVER CLEVELAND,
OF NEW YORK.
FOR VICE PRESIDENT.
Allen G. Thurman,
OF OHIO.

With Henry George, Dr. McGlynn and Mr. Powderly, the great leaders of the labor organizations, all denouncing the republican platform for its favor to protected monopolies, its declaration in favor of free whisky rather than cheaper clothing and other necessities of life, etc., is there any good reason to doubt that the bulk of the labor vote will be given to the democratic ticket?

With Governor Gordon, of Georgia, opening the ceremonies of welcome between the blue and the gray at Gettysburg, and Gov. Beaver responding in the heartiest fraternity, what is there left for the unscrupulous braver to inflame sectional hate?

With General Sickles speaking for the historic battle-field of the war, and thousands of heroic warriors who charged and repulsed on the bloody hills, shouting the anthems of peace, is it not time that the demagogues who never saw war should confess that the war is over?

After these mained veterans of the conflict had proclaimed the perfect brotherhood between the North and the South, Curtin, the famed war Governor, spoke and was followed by Longstreet, and after them came General Slocum and General Curtis, commander of the Grand army of the Republic. All uttered but one sentiment, and that was the sentiment of the great captain of the war—"Let us have peace."

TERRIBLE ACCIDENT.

The little city of Water Valley, Miss., which, until noon Wednesday, was one continuous round of enjoyment, was in mourning in the evening. The Yallahusha fire association had made the usual preparations for their annual meeting, and an immense crowd from neighboring towns and villages had assembled to witness the sport. At 1 o'clock, when about four hundred had taken seats on the grand stand, the building gave way and fell into a crash, burying in its ruins men, women and children. Indescribable excitement and confusion followed. Strong men turned pale at the scene; mothers screamed for their lost children, and whole families were pined, as it were, in a solid mass under debris. Those who were so fortunate as to be on the outside rushed to the rescue, and in a short time the imprisoned victims were released. Seventy-five people were taken out with broken arms and limbs, bruised, bodies and almost every conceivable wound. But it so happened that no one was killed outright.

Jumbo in Jail.
From the Macon Telegraph.

According to announcement, Jumbo Jewett, the largest man on earth, in company with his manager went to the jail yesterday afternoon and saw Woolfolk. The fat man had very little trouble in climbing the stairway leading to the cell. They spoke to each other to the warm day and then Woolfolk said he thought John L. Sullivan was a larger man than he, to which Jumbo demurred.

Quite a crowd followed the fat man to the jail, and this fact set about a rumor that an escape had been made.

Jumbo leaves this morning for Griffin.

Small-Pox On Shipboard.
From the Savannah News.

New York, July 7.—The steamship Celtic arrived to-day from Liverpool. One saloon passenger was taken with small-pox on the voyage, and the vessel is in quarantine.

A Managing Editor Elopes.

From the Savannah News.
St. Louis, July 7.—A first class social sensation is furnished in the eloquent last night of Henry W. Moore, managing editor of the Post Dispatch, with the wife of John W. Norton, manager of the Grand opera house and Olympic Theater of this city. Mrs. Norton before her marriage was an actress of high repute named Emma Stockman. Moore is married and has a son 6 years of age.

SIXTY EXECUTIVE.

The Fort Smith Scaffold Witnesses the Death of its Sixtieth Occupant.
From the Macon Telegraph.

St. Louis, July 6.—The sixtieth execution that has taken place on the gallows at Fort Smith, Ark., was witnessed there to-day by about a hundred people. The culprit in this case was Gus Bogles, a boot-black, of Denison, Texas, nineteen years old who murdered William Morgan at Blue Tank in the Cherokee Nation a year ago. The drop fell at 12:31 p. m., and although the victim's neck was broken he struggled very hard and was twelve and a half minutes dying.

Bogles had a very ugly disposition and swore he would never hang. This morning he thrust his hand through the grating of his cell and snatched a pistol from a guard, but fell before he could use it. The guards fell on the prisoner and took it from him. He declared his innocence on the scaffold and asked the jailer to shoot him.

CLUBBED ON THE SKULL.

A Charleston Saloonkeeper Injures a Man Probably Fatally.

From the Savannah News.

CHARLESTON, S. C., July 7.—A one-sided clubbing scrape occurred here this afternoon in which O. Spangler received fatal injuries at the hands of F. Heinsohn, both white. Heinsohn keeps a barroom. Spangler went into it and asked for a drink. He was ordered out. After several attempts to get a drink he lay down on the sidewalk in front of the barroom. Heinsohn then seized a club, and went out and clubbed him on the head, after which he left. Heinsohn was subsequently arrested by a policeman. Spangler is in the hospital in a critical condition and is not expected to live. Of course it will prove to be a case of murder in self defense. It always is in Charleston.

LYNCHED IN A CITY.

Masked Men Suspended a Black Murderer from a Tree.

NASHVILLE, TENN., July 7.—A special to the American from Henderson, Ky., says: Robert Bryan, a 16-year-old negro boy, stabbed Riley Hancock (white) aged 19 years, yesterday and killed him, near Smith's Mills. Three men started to Henderson with Bryan, and just at dark were overtaken in the town by fifty masked men who drove Bryan's guards off, and lynched the murderer to the nearest tree.

Longstreet at Gettysburg.
From the New York Herald.

We know of no scene more suggestive than that of Longstreet at Gettysburg as told in our dispatches yesterday. This great soldier—who fought from the beginning to the end of the rebellion, drawing his sword at Manassas to surrender only at Appomattox, whose movement at Gettysburg was Titanic in its heroism, magnificent even in its failure—standing twenty-five years later on the scene of his strife, in friendly communion with the victors and the vanquished, teaching concord by his words and his example, is an event dramatic with tragic interest, but ripe with lessons to be remembered long after these years and we who are left have passed away.

Then will be seen all that is implied in this scene of Longstreet at Gettysburg; for them the world-heaving phenomena which we call the rebellion will be seen by clear

er and calmer eyes—will be understood in its true philosophic meaning—and the achievements of a man like Longstreet will be known. For it was given to this eminent soldier to be not only great in war but great in peace, to risk his life in defense of his cause and to throw away his influence in an effort to bring reconciliation after strife. What is here written will be read with resentment by many of our southern friends, but it is the truth, and as truth must live as a part of this generation's annals. The south has not been kind to Longstreet, never since he ventured to think as he pleased upon the business of reconstruction. There fell to him an onerous duty which must have awakened strange thoughts as he looked upon the Gettysburg plains, made immortal by his valor, and remembered none hated him more now than those who would have died with him then. He could also feel that true fame—the fame that means duty done—is not of the hour nor swayed by the mutations of the hour; that when the mists of passion dissolve it will be seen in its real form and meaning. There was a soul that rejoiced in the glory of his warlike deeds, and there will be a soul to remember with pride that he led the way to peace against an opposition more appalling than the terrible onsets which swept his lines in the Gettysburg day of fury and despair.

Twenty Postal Inspectors Removed.

WASHINGTON, June 27.—Postmaster-General Dickinson to-day ordered the removal of twenty post-office inspectors in various parts of the country, to take effect June 30. This was made necessary by the reduced appropriation for this service for the fiscal year beginning July 1. About ten others will be removed shortly.

A DARING ROBBERY.

A Cashier Sandbagged by Negroes and the Safe Plundered.

BIRMINGHAM, ALA., July 2.—A daring burglary and a dastardly attempt at murder occurred about midnight Saturday night at the Alabama Cold Storage warehouse of the Armour Packing Company, on Ninth Avenue, near Twenty-third street. C. E. Avery, cashier of the company, was sitting at his desk working on his books when two negroes entered the house and one of them struck him a heavy blow which felled him. Avery recovered himself and reached for his pistol, but the other negro came to his comrade's rescue and struck Avery over the head with some soft heavy substance, knocking him insensible.

They then took the safe key from his pocket rifled the safe of about \$100 in money, set the books and accounts on fire and then left. The cracking of the flames attracted the attention of some gentlemen who were sleeping in another part of the building, and they reached the office before any damage, except to the books, could be done. About an hour after the occurrence Avery recovered consciousness, and says he believes that he could recognize the negroes if he could see them again.

MERCHANTS IN A FEUD.

Three Men Killed, One Missing and Two Badly Wounded.

From the Savannah News.
NEW ORLEANS, July 7.—A special from Yazoo City, Miss., says: "News has been received here of a terrible tragedy which occurred this afternoon at Rising Sun station, in Leflore county. Bad blood had existed for some time between S. H. Whitworth, a merchant of that section, and Henry McCarty, another local merchant. Whitworth, McLean and Haskins on one side, and Henry McCarty, P. H. Ivey and Samuel Austin on the other side, met this afternoon. The first three entered the store of McCarty & Adams armed with Winchester and pistols. Some words brought on firing and Ivey and Austin were instantly killed. Henry McCarty is missing and is supposed to have been killed also. Whitworth and Ben McLean are badly wounded."

A CHICAGO HORROR.

A Woman Confesses to Burning Her Husband to Death.

CHICAGO, July 1.—The mystery concerning the death of Matthias Schriener, burned to death at 2 o'clock last Monday morning, near his house, at 204 Mohawk street, has been cleared up. His wife, Mary Magdalene Schriener, has confessed to the police that she poured kerosene oil over her husband's clothing and deliberately set fire to it. She says he was a chronic drunkard, and that for six months past she had quarreled with him every day. He came home Sunday night drunk, and sent for more beer after his arrival. She retired about midnight, and on awakening an hour later, arose and found Schriener asleep in the alley. Seized with a sudden and uncontrollable desire to be rid of her troublesome husband, she poured oil over his clothing and then dropped a lighted match on him. Schriener soon rushed into the street screaming and the neighbors smothered the flames with blankets, but too late to save his life. Mrs. Schriener is but 22 years of age. She has a 6-months-old baby and her only anxiety is concerning it. She will plead guilty to the charge of murdering her husband to-morrow.

Be Sticks to His Work.

From the New York Sun.
"Pa," inquired a little boy, "does saint ever go to Europe for a summer vacation?"
"No, son," replied the old gentleman, "saint stays at home and attends to business."

The Great Strike.

HELLO Hello, there Mr. Digestion! What's the matter with you down there?

HELLO Mr. Tongue, is that you? Oh, everything is wrong down here. The hands in the Gastric Works have "struck." The Food Assimilation Company have "shut down," and the Life Supply Pipe Line can't handle their product, and it has overflowed the whole region. Yes! All stock on hand in my apartments has "beaten" and "soured." I have stopped work altogether. Can't move without assistance. Say, Mr. Tongue, can't you send down to me a bottle or two of Dr. Pierce's Golden Medical Discovery? Yes, that Buffalo man's remedy. If you do, I can start up at once. When the liver, stomach, or bowels are deranged, or the digestive "force" are "on a strike," it is the best "agent" to set the wheels of nature in motion. Druggists have it.

Don't hawk, hawk, and blow, blow, disgusting everybody, but use Dr. Sage's Catarrh Remedy.

An Important Announcement.

New York, May 5, 1888.
Gentlemen: I find in duty bound to you as well as to all sufferers by rheumatism, to write you my experience with this reliable medicine, and the use of Swifts Specific hoping that these words will be beneficial to all who suffer as I did.

About six weeks ago while at business I was suddenly attacked with excruciating pains in my feet, knees and hands. So severe the attack that I took to my bed immediately and in two or three days my joints were swollen to almost double their natural size and sleep was driven from me. After suffering the most excruciating pain for a week, using liniments and various other remedies a friend who sympathized with my helpless condition said to me:

"Why don't you get Swifts Specific and use it? I will guarantee a cure, and if it does not the medicine shall cost you nothing."

I at once secured the S. S. S. and after using it the first day had a quiet and refreshing sleep. In a week I felt greatly benefited. In three weeks I could sit up and walk about the room and after using six bottles I was out and able to go to business. Since then I have been regularly at my post of duty and stand on my feet from nine to ten hours a day and am entirely free from pain. These are the plain and simple facts in my case and I will cheerfully answer all inquiries relative thereto either in person or by mail.

DAHLONEGA SIGNAL.

DAHLONEGA, GA., July 13, '88.

The Jay commissary man will please send in some frying chickens. The local eat four of these little motherless fellows sent in, a few days ago and didn't have a square meal. Send in some large fat "galler legged" fellers.

Job Work.—We are prepared to do all kinds of Job work, and would be glad to have orders from the people throughout the country.

NEW HACK & NEW ARRANGEMENTS.—Messrs J. E. Meaders & Co., have set out with renewed efforts not to be excelled in the Livery business. He will make trips day or night to all points to meet trains and accommodate the public. Good vehicles, fine horses and careful drivers. He wants a share of the patronage of the travelling public.

THE HORSE CASE.—Mr. Becker, who was prosecuted for cruelty to animals in Fannin county has been tried and acquitted. Mr. A. A. Hope, lost a fine animal, also lost some money and time in prosecuting the case. Mr. Barker has gone on his way rejoicing.

—We understand that the whooping cough is in the neighborhood of Jany.

—Campbell, of the Murphy Bulletin, has eaten many blackberries that he has become sorpalant.

Miney, of the Pickens Herald thinks he ought to wear a mother husband.

A person selling intoxicants in Telfair county is required to pay a license of \$5,000 to sell in any quantity, not only by retail but by the gallon or barrel. In addition to this he must obtain the consent of a majority of the freeholders living within three miles of such place as the seller desires to sell. He must also give bond as the law requires for retailers.

THE MARY HENMAN.—Capt. Ingersoll has called our attention to the fact that in our mining article last week we omitted to note the above new discovery—a gold mine of no small proportions. The parties who are erecting a five stamp mill right at the mine know just exactly what to do with a gold mine and a stamp mill.

The firm is Davis Irwin & Co. The mine is large and rich and bids fair to be a bonanza. We hope so, for we would like to see Jim and Dock come in on Saturday with their pockets full of the where-withal.

Grand opportunity to buy goods cheap. Barnes Evans & Co. have reduced the prices on all summer goods in order to make room for the fall stock. Don't fail to call early. While the bargains are going.

Mr. A. T. Seals was killed by a freight train on the Georgia Midland railroad, near Waverly Hall on July 4th. Mr. Seals is very old and deaf. He was walking up the track with bowed head. The train was a heavy one and was going down a steep grade. The engineer made every effort to stop, but failed. Mr. Seals was struck in the forehead and killed instantly.

Barnes Evans & Co. have put prices way down on all summer goods and millinery, in order to reduce their large stock before going to New York.

July 13, '88.

GINGER BEER, our sells any drink that is now being manufactured. It is healthy for old people—good for children's summer sickness, and the large sales is evidence of its popularity as a cooling healthy prohibition beverage. Put up in five and ten cent bottles. The new commissary are special agents. The word of the proprietor is forfeited for any case of Diphtheria or flux it will not cure.

—All office holders that voted for Lester, will be given a little rest. Just as soon as Mr. Candler is nominated.

Crushed to death.

Our community was shocked early on Wednesday morning last, on hearing that one of our fellow-citizens, who has been engaged in mining in this county for a large portion of his life had been killed by a falling cove at the Lockhart mine. Mr. W. C. Jenkins left home on Tuesday morning to go to his work, where he had been employed by his nephew Mr. Wash. Jenkins to take out ore in the Reid cut—contemplating taking out only a few tons to prospect the same. Mr. Jenkins did not return to his home at night and upon complaint by Mr. Jenkins family a number of miners were sent in quest of him, and on arriving at the place where he had been engaged at work, they found his dinner bucket hung up which had not been molested, and on further investigation they found that a large amount of earth had gone way, filling up the excavation where he had been at work. The mining friends who assembled at once soon disinterred him and they commenced at once to remove the dirt, and on Wednesday morning about daylight, his body was recovered in a mangled condition. More than thirty tons of earth had fallen upon him and had knocked him eight or ten feet from where he had been at work. Evidently he had thrown the dirt back as the shovels had been placed to one side and he had commenced again to dig. One hand was in an elevated position indicating that he discovered the falling earth and threw up his hand to defend himself against the falling of the same.

Mr. Jenkins was a quiet inoffensive honorable citizen, and he leaves a wife and five children to mourn his sad departure.

He was sixty-four years of age, and of late years his health had very much failed him. The community join in with us in sorrow for the helpless one left to mourn for the husband and father.

The remains were interred in the Dahlonega Cemetery, late on Wednesday afternoon, before a large assembly of friends. Mr. G. Hughes performed the religious service.

Personal Mention.

Mr. John R. Gramlin, representing the shoe house of Gramlin Spaulding & Co. has been with us, taking orders.

Dan Dougherty, of the firm of John Silvey & Co. has been here for a few days looking after the interest of this noted firm.

Mr. Terry Towne, representing the Kerr Thured Co., was in town last week, waiting on our merchants. The ladies of the community may look out for sample spoons through the mails in a few days.

A. R. Hightower and G. P. Markham, Atlanta, have been in the city.

Messrs W. R. Baker, and J. M. W. Coday of Warrenton, Ga. are stopping at the Riverside, and will go to Parker, Clarksville and Tallah Falls.

Mrs. C. L. Dibrell and Daughter of Augusta and Mrs. A. H. McDonald of Savannah are at the Borneide.

Mrs. E. C. Cook and Daughter, of Atlanta, daughter of our esteemed fellow-citizen, Dr. Cartledge, are stopping with the Doctor.

Mr. Geo. F. Moore, of Montgomery Ala., of the Alabama Land and Improvement Company, a specialist in railroading, has been with us.

Mr. Mark O. Ainslie, an experienced miner who has been with us, has returned to Cincinnati. He contemplates investing in our gold mines.

Mr. Jap. Williams of Gaddistown, has been in the city this week.

Judge Williams will take a little rest and has gone to feast on mountain trout and inhale the mountain air at Gaddistown.

Messrs M. N. Stow, & Co., the fishing party who went over to Cooper's Creek last week, have returned. They caught a great many of the funny tribe, and they were disgusted by the fish hungry crowd before they had time to fatter.

—Hattie Huff came in to see the Doctor on Wednesday morning last. Hattie voted for Candler delegates and has taken a relapse.

The Beautiful.

Beautiful faces are those that wear—It matters little if dark or fair.—Whole-souled honesty painted there. Beautiful eyes are those that show—Like crystal pans where earth fires glow. Beautiful thoughts that burn bright; Beautiful lips are those whose words Leap from the heart like songs of birds. Yet whose utterance prudences glide.

Beautiful hands are those that do Work that is earnest and brave and true Moment by moment the long day through On kindly ministry to and fro Down lowliest ways if God wills it so.

Beautiful shoulders are those that bear Ceaseless burdens of lonely care With patience, grace and daily prayer.

Beautiful lips are those that bless—Silent rivers of happiness. Whose hidden fountains but few may guess.

Beautiful twilight at set of sun, Beautiful gosh, with race well run, Beautiful rest, with work well done, Where brown leaves fall, where drifts lie deep, Over worn out heads—oh, beautiful sleep!

RHODES DANFORTH.

Makes An attempt Upon His Own Life With a Razor.

From the Mason Telegraph.

The news came in last night that Rhodes Danforth who was sent to the penitentiary for life, had attempted suicide on Monday night.

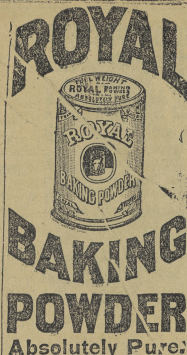

Young Danforth was sent to Greentown and was a kind of book-keeper for Mr. Green. At first he was made to sleep in the stockade with the other prisoners, but it seems that Mr. Goff became a superintendent of the mill and besides allowing the prisoner many other privileges allowed him to sleep at his home. A short time ago, so we are informed, Mr. Goff bought a mill of his own, and when it was announced that he would leave, young Danforth was very much affected. He was heard to say that rather than go back into the stockade to sleep with the other prisoners he would kill himself, and on Monday night he tried to carry his threat into execution by cutting a vein in his wrist with a razor. He was found yesterday morning weltering in his blood. The flow of blood was stopped, and Danforth was carried to Eastman and every medical attention given him. At last accounts he was out of danger.

—The Old Man in a Hole.

From the San Francisco Chronicle.

The husband of this lady in Oakland has a theory. I never knew a husband theorize on the subject. He was always quite sure. "Now," he said to his wife one day, "I don't like you appearing ignorant before the child. I never do. It is not well not to have an answer to anything the child asks. If you say 'I don't know' you simply kill your child's faith in you. She'll lose her respect for you right away. It does not matter what she asks, you must always have an answer, and a positive answer, for her." And he went down town and bought her one of those box alphabets that lie all over the floor and fall under the sofa and get into the crack of the floor and finally render it unsafe to walk about anywhere in the house. She sat down and he selected the word "then" to illustrate the meaning and value of the alphabet. She looked at the three letters lying on the carpet, and to the guileless father this spokesman: "Papa which did God make first, the hen or the egg?"

PITTSBURGH, July 6.—In the County Criminal Court to-day H. O. Price & Co., charged with operating and maintaining a pool room, were convicted on thirteen counts. The defense made a strong fight, contending that betting was not an offense at common law and that betting on a horse race is not a "game" device or contrivance at which money is won or lost by the better on a wagering contract, and that horse races, baseball games and the like are not "gambling devices" within the meaning of the law. The case will be carried to the Supreme Court. If the lower court be sustained all the pool sellers in the city will be compelled to close.

COMER'S GUARANTEED CHICKEN CURE!

After using this medicine for the past ten years, and never finding a case of Chicken Cholera that it would not cure, I feel no hesitancy in offering it for sale with a guarantee that it will cure every chicken that has the Cholera with life enough to eat a particle of the medicine. Your dealer will REFUND THE MONEY, IF IT FAILS TO CURE. Please read the following TESTIMONIALS.

Judge HOWELL, Conn., who is authority on all points pertaining to the poultry yard, publishes the following letter in the Southern Farmer: "Comer's Guaranteed Chicken Cholera Cure—This Summer I have had the first touch of cholera in my yard for several years. I lost my best cock and several hens. My neighbor, Mr. James T. Comer, of Athens, Ga., heard of my trouble and sent me, to try, a package of his Cholera Cure. When I used this medicine I had two hens in collapse condition, too far gone to eat and about to die. Several others were affected. I fed the remedy in food, as directed, to the flock. I gave the two hens named the medicine in solution. One of these died, the other is now well. In twenty-four hours she was relieved, and in one week entirely well. The other affected fowls all recovered health and vigor in a few days. No other case developed. All my flocks are now well. It is a marvel now since the disease disappeared. I believe the remedy of my friend Comer saved me from a destructive mishap of the worst destroyer of fowls."

HOWELL COB3.

HARMONY GROVE, Ga., August 22, 1887.—This is to certify that I have given Comer's Guaranteed Chicken Cholera Cure a trial, and can safely recommend it as a certain cure for this fatal disease among fowls.

W. J. GOSS.

ATLANTA, Ga., Mar. 7, 1888.—Mr. J. T. Comer—Dear Sir: When I got the package of Cholera Cure from you my fowls were affected with something that I supposed was the cholera in its first stages. We gave them only a few doses, and since that time they seem perfectly healthy, and are now in splendid condition. Yours truly,

W. C. ORR.

HARMONY GROVE, Ga., March 8, 1888.—J. T. Comer, Athens, Ga., can recommend your G. C. C. C. to the Supreme Court. It is all you claim for it. Respectfully, R. L. HARDMAN. Sold by S. H. Williams & Co., Dahlonega, Ga.

DESOLATION.

Terrible Destruction in the Flooded District.

WHOLE SECTIONS SWEPT CLEAR

Hundreds of People Homeless and Destitute in Town and Country—The Tide Borne Up by the Floating Houses and Farm Wrecks.

From the Macon Telegraph.

PARKERSBURG, W. Va., July 11.—The storm on Monday night was the most disastrous of many which visited this region during the past week, and the loss of property in a range of twelve counties hereabout is estimated at a quarter of a million dollars. A bridge worth forty thousand dollars was swept from its moorings here yesterday. All day immense quantities of wheat and timber floated past in a tangled mass. Almost every farm in the valley counties adjoining this has been swept clean of its products. The Middle Island Tea Company lost 45,000 tea last night valued at \$13,500. A number of trestles and bridges on the Columbus and Northern road, running into Harman, on the Ohio side, are washed away, and travel is indefinitely suspended. The Zanesville and Ohio River road, just put into operation is badly washed out, and it will be several days before trade is resumed. No train has come from the east on the Baltimore and Ohio road since Monday morning. The town of Salem is entirely under water and the people have left their homes.

IN PENNSYLVANIA.

PITTSBURGH, July 11.—The latest estimates of the damage puts the total loss at over a million dollars. Wheeling reports the damage in the vicinity of Grafton, W. Va., at not less than \$250,000 and about Fairmont at as much more. The loss at Brownsville, Pa., is reported to be over \$55,000 and at Rowlesburg \$125,000. In this neighborhood it will exceed \$100,000 and it is not exaggerating to say that a fair estimate is that the total will exceed one million dollars as the flooded district covers an area of fully two hundred and fifty miles.

At McKeesport all the mills are closed and hundreds are homeless and destitute. The Chartiers natural gas main crossing the river at that point was broken during the night and an immense pressure of the gas forced into the air. The watchman of the Pittsburgh, McKeesport and Youghiogheny railroad crossed the trestle at Salisbury a short time after and his lantern ignited the gas, causing a tremendous explosion. He was fatally burned and the bridge set on fire, but the flames were extinguished before it was destroyed.

Traffic has been almost suspended on the Pittsburgh, Virginia and Charleston roads, no trains running south of Peters creek, nineteen miles from here.

GREATEST EVER KNOWN.

A Wheeling dispatch says the freshest was the greatest ever known. The destruction to property is beyond computation, but enough is known to warrant the declaration that nearly every house and most of the fencing on all the lowlands between that point and Clarksburg on the west and as far east as Grafton on Valley river has been swept away. From early dawn till dark the Monongahela continued to rise and during that time the channel was full of houses and other debris, denoting the havoc of the rushing waters. Since midnight the river at Brownsville has receded five feet. In this city there were twenty-two feet of water at 2 o'clock this afternoon, and still rising.

Governor Gordon and the entire corps of State house officers will be re-elected without opposition.

Steve Wilson heard from the Montgomery Monitor of last week says:

A LITTLE OUT OF SEASON.

The Beautiful Snow Fald a visit to London Yesterday. (By Telegraph to the Tribune of Rome.)

LONDON, July 11.—The weather throughout England is abnormally cold. Snow has fallen in the suburbs of London and the peaks of Skiddow and other mountains are covered with snow. It is the first time snow was ever known to have fallen in this country in July.

An interesting experiment was recently made by Dr. Durand in reference to the relative power of imagination in the sexes. He gave to 100 of his hospital patients a dose of sweetened water, and shortly afterward entered the room apparently greatly agitated, saying he had by mistake administered a powerful emetic. In a few minutes four fifths of the subjects were affected by the supposed emetic, and were mainly men, while every one of those not affected were women.

Interesting Statistics.

It has been calculated from the mortality tables of known centuries that the annual number of deaths throughout the world is thirty-five million six hundred ninety-three thousand and three hundred fifty or that in other words ninety-seven thousand seven hundred ninety die each day; on the other hand the balance of the population is more than kept up at the rate of one hundred four thousand eight hundred per day, seventy-nine lives are asured in every minute of the twenty-four hours.

Officers Killed by Desperadoes.

MESKEGEE, I. T., July 2.—A desperate fight between United States officers and two notorious desperadoes took place at a Green Corn dance near Eufaula, late Saturday night. United States Marshals Phillips and McLaughlin attended the dance with the expectation of arresting some escaped outlaws. They found two who they wanted, brothers named Barrett. The Barretts refused to surrender, and in the fight which followed Phillips was instantly killed and McLaughlin and one of the Barret brothers killed with bullets so both died shortly. An outsider by the name of McIntosh was shot by the surviving Barrett, who terrorized the gathering for some time.

BEATEN TO DEATH.

A Feud Between Poles and Hungarians Leads to a Most Brutal Murder.

PITTSBURGH, July 6.—Early this morning a terrible conflict occurred at Jessup, Lackawanna county, between parties of Poles and Hungarians. The riot was the result of bitter race feelings existing for sometime at Dolph's mines. Andrew Kanskowski, the leader of the Poles, was attacked by Hungarians at his home and fled to the saloon of Michael Pano, where the doors were barricaded to prevent the attacking party from getting in. The latter were determined to enter and forcing down the door dragged him out into the roadway, beat him with stones and clubs and defying those who came to his help. They soon pounded him to death. The Hungarians then began celebrating their crime by a drunken carousal. The leaders of the party Michael Kaunick, and Kanskowski-

ki and J. Harditz were secured by a sheriff's deputy at noon and taken to Scranton jail. There never has been an occurrence so brutal in its character in this region as this.

THE NEGRO VOTE.

From the Brunswick Morning News. A conference of colored men has been called at Indianapolis for July 25th, to discuss political matters and to advise the colored voter. This is a strong indication of a break in the solid black wall of Republican voters. The colored man is beginning to think for himself, and is not, as heretofore, depending on the republican leaders to carry them some of their most influential journals are advocating Mr. Cleveland in the strongest terms. They cannot stand Harrison and the heathen Chinese. They are beginning to realize that the Democracy is the friend of the laboring man, and they know the great bulk of their population to be laborers. All these things will be brought before this meeting, the result of which is sure to lead to thousands of colored voters joining the Democratic ranks.

The Republicans are finding by the negro, to use an expression of old Abe Lincoln's, that "they can fool all of the people some of the time, and they can fool some of the people all of the time; but they can't fool all of the people all of the time."

A SURGICAL OPERATIONS.

Gastrotomy Performed Upon a Cincinnati Who Could Not Swallow.

CINCINNATI, O., June 27.—Charles Shan, a German boy 19 years of age, is exciding the wonder and compassion of Cincinnati by his unfortunate condition. He came to this country thirteen months ago and located at Fort Wayne and pursued his trade as a barber. About six months since he discovered one morning that he could not swallow. There was no pain in the region of the throat and no enlargement. The throat, from some unaccountable cause, was closed up. Shan began at once to loose flesh, and a surgeon in Fort Wayne determined to perform a delicate and difficult operation. He made an incision in the stomach, and the peritoneal cavity was perforated and a tube inserted. Inflammation did not set in, and since that time Shan has received all nourishment through this tube, to the end of which is attached a rubber hose, and the food is poured into a funnel. The unfortunate fellow has no taste whatever and can take no solid food. He consumes a great deal of beer, which seems to give him strength. Occasionally the sufferer masticates meat or bread, which is put into the funnel and washed into the stomach by milk or beer. Shan was in the Cincinnati hospital for several days suffering from delirium. His weight formerly was 150 pounds, which had been reduced to 98 pounds. He has a strong but somewhat hoarse voice, and his attenuated condition, young man has no relatives in this country, and the physicians say he will probably live only a short time. The case has no parallel in the medical annals of Cincinnati.

The Local Option Election.

There seems to be an erroneous impression throughout the county in regard to the effect of the coming local option election in the event it should be declared in favor of the anti-prohibitionist.

We have taken the pains to inquire into the matter and were informed by trust-worthy authority that the statutes of this county will not be changed one whit even if the anti-prohibitionist should succeed.

As it now stands there are a few places in the county where whiskey can be sold if the law is complied with—in the rest of the county its sale is interdicted and prohibited by special acts of the Legislature. And if this county should vote "for the sale" at the approaching election the present condition of affairs would remain unchanged. The reason of this is that the Local Option Act, as it is called, expressly provides as follows: "Be it further enacted, that no elections shall be held under the provisions of this act for any county, city, town or any other place in this State where by law the sale of spirituous liquors is already prohibited, either by high license, local option, or any other legislation, so long as these local laws remain of force." For instance the sale of liquor is prohibited within the Dahloonga District and in the Auraria District within three miles of Phillippi church Siloam church and Sardis chapel. This was done by a special act of the Legislature and the very terms of the Local Option election can have no effect within the limits of these prohibited districts. The only power in the world that could authorize the sale of liquor in these places would be a special act of the legislature repealing these other special acts by which the sale of whiskey was prohibited. The local option election can have no such effect and the Supreme Court have so decided.

It will be seen, therefore, that the only effect the election could have, would be to prohibit the sale of whiskey in the entire county in the event the election should result in a majority "against the sale." If on the other hand the election should result in a majority "For the sale" the effect would be a mere nullity, whiskey could not be sold in the Dahloonga and Auraria District, it could not be sold within three miles of Phillippi and Siloam Churches and Soul's Chapel. The Local Option act was a temperance act. It was passed by the temperance people of the State. We understand that the petition to the Ordinary calling for an election was gotten up by the anti-prohibitionists. If so they evidently did not have a full comprehension of the situation. The election can not possibly do them any good and it may do them harm by preventing the sale of liquor in those places where it can now be lawfully sold.

We regret that the election has been deemed necessary. Of course the Ordinary had no discretion in the matter. The law required him to call the election. But we think the election unnecessary. No good can come of it. It will involve the county in unnecessary expense. It will engender unnecessary feeling. It will raise an issue where there is none. It will disturb the quietude of our county unnecessarily. It will amount simply to putting up a man of straw in order to try to knock him down. "If it can be done we should like to see the whole scheme abandoned."

The Walker county Messenger has done something, for it is greatly improved in its general make-up and appearance.

FROM ME AND NED.

RUNAWAY HOLLOW, Ga., July 17, '88.
MISTER EDITOR'S.—As this is me and Ned's birth day. I thought I would once more write to you.

Editors are supposed to know everything; so please answer this problem: To-day me and Ned, together is fifty years old, and if the blackberries will hold out and nothing else happens, on the 17th of July, 1913, we will be 100 years. What is our ages now and what will be our ages then. Last week I went up to the Mary Hannah mine; I found old Choctaw Jim and Dock very busy.

They had several colored niggers helping them, and they will get the mill to running this week. My old friend, M. Chester is all so a pardner. The ore is splendid and lots of it and you can see the valley stuff all over it thicker than goose bumps on a school boy when he sharpens his slate pencil. They are a good solid firm and belong to them—but I forgot, I am not allowed to tell.

Gosh, did you ever see so many candidates a ready; seven for Treasurer nine for Tax collector three for sheriff and—soforth. Now, if they all don't announce in the SIGNAL and give you a lift, these hard times, why drat 'em I won't vote for 'em. You should, Mr. Editor, give them some inducement. Let, say eight or ten club together and send in all at once you could afford to come down some, and give each a cramo. I hope you will think of this matter and next week I hope to see in your paper in large letters in your Editorial Special inducement for the campaign, and soforth.

I think the race for sheriff this year will be a tough one. Look out Bill—old feller, if you don't mind you will git it waded to you this time. I have voted for you more times than any other feller in all my life. They are a hard old set that will buckel you this time. So I say again keep your eyes peeled. I all-so, hear that we are going to have two candidates for the Senate in our town—and two for the house that lives out in in the country. Me and Ned has been thinking about running for something but I can't say anything about it. But if we do take a notion to run and I can get votes enough, I would all-so be sure to be elected. Don't say anything.

Are you restless at night, and harassed by a bad cough? Use Dr. J. H. McLean's Tar Wine Lung Balm, it will secure you sound sleep, and effect a prompt and radical cure.

Re-Union 18th Ga. Regt.

The seventh annual re-union of the 18th Georgia Regiment will be held at Cartersville, Ga., on Friday August the 10th, 1888. Every survivor is earnestly requested to be present, as matters of importance will be brought before the meeting pertaining to our incorporation, etc. This may be our last re-union, at least, for years.

The University Chancellorship.

Dr. Strickler, of the Central Presbyterian Church, of Atlanta, was chosen by the University Trustees, as the Chancellor of the State University. His high fitness for this honorable position met the approbation of all friends of the institution, and no such thought entered the minds of the trustees that he would decline the honor. He could enlarge on the improvement of the institution to such an extent that would have elicited the admiration of the friends of the university; but Dr. Strickler has declined preferring to remain with his church in Atlanta. It remains now for the trustees to find another man, who would be as acceptable to this honorable position, as Dr. Strickler.

A Mob Gets in Its Work at Asheville.

AN OFFICER'S BOLD STRUGGLE.

A Steel Cage Demolished After an Hard Work and a Negro Ravisher. Hanged to the Nearest Tree.—The Crime—Remained Confession.

From the Macon Telegraph.

ASHEVILLE, N. C., July 15.—Yesterday afternoon a rumor reached here that rape had been committed on Sallie Kate Parker, a white girl thirteen years old, by a negro in the northern suburbs of the city. The police were notified and the country and town were searched closely for the guilty party. About 9 o'clock last night the negro, named John Humphreys, was arrested. The girl had stated that the negro wore a striped shirt and was barefooted. When arrested Humphreys had on a white shirt and shoes, but it was ascertained that he had taken off a striped shirt and put on a white one, and shoes. He was made to put on the striped shirt, take off shoes, and was taken into the presence of the girl, who identified him immediately. The negro was locked up in the city calaboose. Considerable excitement prevailed, and whispers of lynching were heard, and in order to avoid this, at 1 o'clock this morning, the negro was put in the steel cage of the county jail.

About 3:40 a. m., a band of twenty-five to forty masked men came to the jail, and before Deputy Sheriff James Worley was aware of it they were in the jail. He grabbed a gun and ran to the top of the steps and opened fire on the crowd which was returned with showers of bullets. No one was hurt as far as ascertained. Worley was overpowered, but would not give the combination to the cage lock. The mob, being prepared with sledge hammers and crow-bars, tore the cage to pieces, occupying fully an hour in doing it, took the negro out and hanged him to a tree about a quarter of a mile from the jail. As soon as he was released Worley rang the fire bell, headed a posse and tried to recover the prisoner but was eluded by the mob.

The girl was waylaid on the way from town in a hollow in the woods. The negro crept up behind her and choked her down. The girls face and throat were torn with his fingers nails. The ground where the assault was made shows signs of a hard struggle. It is rumored that the negro made a full confession of guilt before he was hanged.

PHYSICIANS prescribe Dr. J. H. McLean's Tar Wine Lung Balm; in it they find no trace of opium or morphia, while its efficacy in curing all throat or lung diseases is wonderful.

THERE ARE MANY accidents and diseases which affects Stock and cause serious inconvenience and loss to the farmer in his work, which may be quickly remedied by the use of Dr. J. H. McLean's Volcanic Oil Liniment.

What is Being Done for the Orphans.

Rev. L. B. Payne, Superintendent of the Methodist Orphan Home, Macon, Ga., writes: We have had a great improvement in the health of our children by the use of Swift's Specific. We had among the children some who had scrofula—notably one case in which it was

UNMISTAKABLY HEREDITARY.

We got some of Swift's Specific and gave it to this case, and in a short while it was cured sound and well. It was as had a case, I think, as I ever saw, and had been under excellent physicians with no permanent benefit. We have been giving it to all the children as a health tonic. We have four children and one seamstress who, for years have suffered intensely every spring with erysipelas, and though they have been taking Swift's Specific only in small doses as a health tonic, they all, without exception, passed through this spring without a touch of this complaint.

A young lady of the institution, who has been with us for years, has been troubled with a most aggravated rash ever since she was a child. She tried all the known remedies that are prescribed for it with no benefit; but she has been cured by taking Swift's Specific, and has no return of trouble.

One of the leading sensations in Charleston, S. C., for the last two or three weeks, has been the trial of the "corpse trust cases." Certain parties there secured insurance on the lives of certain individuals, procured corpses from some cemetery, obtained affidavits that they were the bodies of the persons insured, and pocketed the insurance. Six persons were convicted of taking part in this swindle, and sentenced to the penitentiary for from five years down.

Killed in a Powder Explosion.

From the Macon Telegraph.
READING, PA., July 13.—Ladlin & Rand's large powder works blew up this evening, killing George Gilman, Charles Reed and Henry Bierbach, who were the only persons about the place. Their bodies were blown two hundred yards from the scene of the explosion. The building was destroyed by a fire, which followed the explosion, the force of which was felt for ten miles away, as a large quantity of powder was stored in the building. Had the explosion occurred before it did, a dozen or more might have been killed.

Cobb County Convention.

MARIETTA, July 12.—The Democratic convention met in the court house at 12 o'clock Wednesday, July 11th inst., for the purpose of selecting delegates to the Congressional convention of the Seventh district, which meets in Cedar town on the 5th day of September next. The convention was called to order by Hon. Will J. Winn, chairman of the Cobb county Democratic executive committee. Col. C. A. Dunwood, of Roswell, was elected chairman and Hon. J. J. Northcutt, of Acworth, Secretary.

The convention, by resolution pledged to support Col. C. D. Phillips of Cobb, first and last.

The following delegates were elected: S. A. Aderson, Joe B. Alexander, Geo. Pharr, S. R. McCleskey, J. R. McKinney, S. R. Cochran, J. L. Leman and A. Y. Moss.

These delegates go as straight-Phillips men and are instructed as to second man.

Col. Phillips was supported with enthusiasm in the convention and Cobb hopes to furnish the next representative from the Seventh district.

We learn that a town is being laid off on Long Swamp at the Stegal works, and will be called Marble City. Pickens county will get there yet.—Herald.

DAHLONEGA SIGNAL.

DAHLONEGA, GA., July 20, '88.

SLE.—Miss Lou Kimmy, sister of Mrs. Hart Christy, is lying very sick at Mr. Hart Christy's residence, at the Clark House. A few days ago her condition was quite critical, but hopes are now entertained of her recovery.

Rev. Thad. Pickett.

We met, on Tuesday last, on our streets, Rev. Thad. Pickett, who is on his grand rounds shaking hands smiling and making himself pleasant among the masses, seeking to destroy the nominee of the Gainesville Convention, as an independent democrat. He hopes to get the Republican vote, and all the so-called democrats who will be dissatisfied with the nominee of the Gainesville convention, Mr. Pickett, will no doubt get a good vote, but if the organized democrats will only do their duty he will stand but little chance of success. As to his campaign programme we know nothing; probably an announcement may be made soon. He is meeting with but little encouragement here.

SNAKES AGAIN.—John Clark, who lives in Nimbrowll District, informs us that Jim Shelton killed ten large rattlesnakes this season on his place. They were large and had from twelve to fifteen rattles. He also killed twenty pilots, on the same place.

Joe Chester, at the Fred Magnus place, on top of Blue Ridge, killed a very large rattlesnake that had his den under the hearth. He covered up the hole and in a day or two he concluded to see if there were any signs of others and lo-and-behold the hole was opened and the track of another very large one discovered. He has not yet caught it with him.

NEW BRIDGE GA., July 17th, '88.
Editor Signal:—We people in this section would like to know if Auraria District will be allowed a vote on the prohibition question at the election Aug. 7th, 1888.

Respectfully,
J. B. Stovall.

We refer Mr. Stovall and all persons interested in the prohibition districts to our editorial on the subject in another column, which will sufficiently explain the whole matter, and we further answer that the prohibition localities, are not, under the law, entitled to a vote.

Grand opportunity to buy goods cheap. Barnes Evans & Co. have reduced the prices on all summer goods in order to make room for the fall stock. Don't fail to call early. While the bargains are going.

The contest between Candler and Lester to date shows a decided advantage to Candler. He has carried the counties of White, Banks, Fannin, Rabun, Cherokee, and Gilmer, and will get Hall, Union, Towns and probably Pickens enough to nominate on the first ballot. Guinnett and Jackson, are for him as second choice, but have instructed their delegates to vote for Peeples and Pike on the first ballot. Lester carries Milton, Forsyth, Lumpkin, and Habersham, 8 votes, which is about his total strength.

Barnes Evans & Co. have put prices way down on all summer dry goods and millinery, in order to reduce their large stock before going to New York.

July 13, '88.
Persons who lead a life of exposure are subject to rheumatism, neuralgia and lumbago and will find a valuable remedy in Dr. J. H. McLean's Volcanic Oil Liniment; it will banish pain and subside inflammation.

A GOOD OLD LADY GONE.—Mrs. Catherine Miller, wife of William Miller, of Chestnut District, died on Saturday the 7th inst., after an illness of only a few days. She was a good wife and mother—was loved by her neighbors, and has gone to that rest that is prepared for the good and true. She was fifty-three years old. Her maiden name was Watts. We sympathize with the mourning friends.

If you suffer pricking pains on moving the eyes, or cannot bear bright light, and find your sight weak and failing, you should promptly use Dr. J. H. McLean's Strengthening Eye Salve 25 cents a box.

DEATH.—Uncle Caleb Spencer's widow, aged 86 years died at her home in this county on last Tuesday. Rev. G. Hughes went out to attend the burial, and performed the ceremony on Wednesday morning last. Uncle Goodman informs us that she has always been a good woman—has been a member of the M. E. Church since her early childhood. She was buried at Rock Springs.

SICK HEADACHE, wind on the stomach, biliousness, nausea, are promptly and agreeably banished by Dr. J. H. McLean's Little Liver and Kidney Pills. 25c. a vial. 2

INTERESTING MEETING.—A very interesting meeting is in progress at Jones's Chapel, in charge of their pastor Rev. C. V. Weathers. He is assisted by the local ministers and Rev. Mr. Balas, of Dawsonville. We learn from Uncle Goodman Hughes that a vast interest is being manifested and the results are very promising. Many of our citizens go out these moon shiny nights, to take an interest in the meeting and enjoy the beautiful drives three miles over the best road that leads out of the city.

WHEN nature falters and requires help, recruit her enfeebled energies with Dr. J. H. McLean's Strengthening Cordial and Blood Purifier. \$1.00 per bottle. 3

BLANK NOTES.—We can furnish water notes at short notice. Also, blank mortgage notes. Send in your orders.

Capt. Hodgson and family, took their departure, on Monday morning last, to Brunswick and vicinity.

Messrs. Eliam Christian and D. B. Freeman have bought the Cartersville Courant-American, one of the best papers in the state. They are both capable journalists, and will make it a success.

BADLY HURT.—Little Lizzie Johnson, little daughter of Mr. and Mrs. A. C. Johnson was frightfully hurt on last Friday with the teeth of an old rake. Her little brother was attempting to knock some apples from a tree and she happened along about the time he made his lick, and the rake probably missed its aim and came down and struck the little girl in the top of the head. Two of the teeth made ugly incisions in the top of her head and the wounds bled profusely. Dr. Wheeler was immediately called in and dressed the wounds. At last accounts the little sufferer was doing well.

BRANDY.—Our old friend John A. Parker will engage in the "Brandy making business this season. Look out, some good Apple Jack is on the tapis.

CHICKENS.—Mr. J. J. Marlow, started to Gainesville, a few days ago, with a load of chickens. He halted at the Masonic Hall, and his load was captured by our citizens. He sold over a hundred in a few minutes, and returned home to recuperate.

This is evidence, that we have market here for all the farmer raises and in many instances the products commands good cash prices. Come along with your chickens, butter, eggs, mutton and young beef cattle.

—Prof. A. C. Ward's family returned from Brunswick Saturday evening last, accompanied by Mrs. Lambright. Mrs. Ward's mother. The Professor is still in England, and will return in about a month.

FUNERAL.—The funeral of two little children of our fellow-citizen Mr. N. J. Edge will be preached at Phillips church on the fifth Sabbath; this inst.

—Mrs. J. B. Thomas, came in from Jay, on last Saturday evening and was the guest of Mrs. W. H. McLean. She returned to Jay Monday morning.

—Mrs. Wier Boyd is in very feeble health, and Mrs. B. R. Meaders has been confined to her room for several days.

—Col. Bassenger has been sick for a few days, and on last Tuesday morning he was out, but looking feeble.

KNIGHTS OF LABOR.—We learn a Lodge of the above named order has been organized at Auraria, under favorable auspices. Before the year is ended, we predict that this order will number at least two hundred.

BAPTIST CHURCH CONFERENCE.—On last Saturday the Conference of the Baptist Church at this place, appointed the second Sunday in September for an ordination service. Brethren W. H. Satterfield, Scott Ward and Joseph W. Fitz will be ordained as deacons.

—Mr. Milton A. Smith of Anderson put in an appearance here on last Saturday and took up quarters with his dear ones at his father-in-law's Mr. M. F. Wheeler. Milton has kept himself rather close, as we have not seen him since his arrival. We hope his sojourn among us may be pleasant, and many pounds may be added to his weight.

—Wm. Skyrn, of the Adams & Teal mine, was in the city last Monday.

The Georgia Reformatory Journal.
The above was the title of a newspaper published in Brunswick, Georgia, in the spring of 1881, by J. V. Woodward, in the interest of the 2nd Ga. Regt. Paul J. Symm, Col. Copies of which we sent to many of the citizens of Dahlonega. We have been called upon by the survivors of the 2nd Ga., for a copy, containing a list of the Burke-Sherpe Shooters. If any one can furnish us with a copy, we will be under many obligations to them for a favor which will be highly appreciated by their old veterans.

REBURN.—The Poplar Springs School House was burned a few nights ago, in Crumley's District. It was the work of an incendiary and some well known parties have been accused of the work. We await further comment until the accusation is better founded.

A laughable incident happened not long ago. One of our highly respected farmers in going home from town, found a wire snare on Roswell road, that some female had lost from her "make up." The farmer, in his unsophisticated innocence, thought it was a new fashioned rat trap and carried it home, baited it and placed it on the creek bank to catch minks. But it didn't catch. If he had baited it with a pretty girl, he would have caught a dude.—Journal.

The editor is thankful for the advice of a friend who writes to say that we "ought to have more dignity" about us. But dignity on a dollar a year is as hard to manage as rheumatism in a ball room.—Smithville News.

—Mr. Levi Motes, one of Lumpkin county's oldest citizens was in town last Tuesday. He is seventy-two years of age and is as sprightly as a boy. He is good for many more years in this world of trouble and vexation.

About June 25, Mayor Huger, superintendent of the E. T. V. & Ga. railroad, sent out circulars to all the telegraphers employed by the company asking them whether they belonged to the Order of Railway Telegraphers. John Bruce, of Chattanooga—Billingsly, of Ooltewah, and Miss Clemmie Roberts, of Appison, said that they were. He required them either to leave the order or to resign. They resigned.

FOR ORDINARY.
To the voters of Lumpkin County, I offer myself as a candidate for the office of Ordinary, at the approaching January election and I will be thankful to all for your votes, for the office of the same. Respectfully,
LARKIN H. HELTON.

COMER'S GUARANTEED CHICKEN CHOLERA CURE!

After using this medicine for the past ten years, and never finding a case of Chicken Cholera that it would not cure, I feel so hesitantly in offering it for sale with a guarantee that it will cure every chicken that has the Cholera with life enough to eat a particle of the medicine. Your dealer will REFUND THE MONEY, IF IT FAILS TO CURE. Please read the following TESTIMONIALS.

Judge HOWELL COBB, whose authority on all points pertaining to the poultry yard, publishes the following letter in the Southern Farmer: "COMER'S GUARANTEED CHICKEN CHOLERA CURE.—This Summer I have had the first touch of cholera in my yard for several years. I lost my best cock and several hens. My neighbor, Mr. James T. Comer, of Athens, Ga., heard of my trouble, and sent me, to try, a package of his Cholera Cure. When I used this medicine I had two hens in collapse condition. I doo far gone to eat and about to die. Several others were affected. I fed the remedy in food, as directed, to the flock. I gave the two hens named the medicine in solution. One of them died, the other is now well. In twenty-four hours she was relieved, and in one week entirely well. The other affected fowls all recovered health and vigor in a few days. No other case developed. All my fock are now well. It is a month now since the disease disappeared. I believe the remedy of my friend Comer saved me from a destructive mishap, of the worst destroyer of fowls."

HOWELL COBB.
HARMONY GROVE, GA., August 22, 1887.—This is to certify that I have given Comer's Guaranteed Chicken Cholera Cure a trial, and can safely recommend it as a certain cure for this fatal disease among fowls.

W. J. GOSS.
Athens, Ga., Mar. 7, 1888.—Ma. J. T. Comer—Dear Jim: When I got the package of Cholera Cure from you my fowls were affected with something that I supposed was the cholera in its first stages. We gave them only a few doses, and since that time they seem perfectly healthy, and are now in splendid condition. Yours truly,
W. J. GOSS.

Home From The War.

Having learned that a member of the 9th Georgia had passed through Athens yesterday, on his way from the war a Banner-Watchman reporter followed him about a mile from the city and found the information correct.

Although it was very warm weather to go in search of an old soldier, yet the reporter's curiosity got the better of him, and an interview was the immediate result when the soldier had been over taken.

"My name is Kennedy, and I volunteered when I was 16 years of age in a company that went from Americus Georgia. I was put in 9th Georgia regiment, and fought in all the important battles of Richmond and other portions of Virginia. I never had a furlough during the whole time I was with the ninth Georgia."

"How came you to stop in Virginia after the war?" the reporter inquired as the perspiration streamed from his brow.

"At the battle of Petersburg, towards the close of the war, I received a severe wound, and for weeks was unconscious. When I came to myself I was being well cared for by a family who had taken me out of the battle field where I had been lying in a dying condition. I found all my comrades had gone, and the city of Petersburg was in the hands of the Yankees. After I recovered I concluded that Virginia was as good a place as Georgia, and went to work to repay the kindness of those who had saved my life.

I worked hard, and saved up enough money to bring me home. But about this time I fell in love with a Virginia girl, and we were married. I have eight children, and my wife and I concluded that we would come to Georgia to see if any of our relatives were living."

"Have you made the trip in this or team?" the reporter asked.

"Yes, this pair of oxen has pulled us all the way from Virginia."

"We left the first of April, and have taken it easy, stopping sometimes for several days at the cool mountain springs of North Carolina and Georgia. It is cheap way of traveling, but the children get rather tired of it. I expect to find some of my relatives when I reach Americus, who will be surprised to see me back. I shall stay there until fall, and then make my way back as I have come.

Here the oxen began to hunt a shade, and one of the children commenced crying for water. The reporter accordingly had Mr. Kennedy good bye and wished him a pleasant trip.

Is this the last returning soldier? Can any one tell of another who has been twenty-five years on the road home.—Athens Banner Watchman.

Animators.—J. H. Standridge Cause a Big Sensation.

J. H. Standridge, a Baptist preacher, living near Berlin, in this county, left his family and fled to parts unknown on Tuesday night last. The circumstances of his departure involves the reputation of one of the county's heretofore respectable young ladies.

It seems that Standridge came from Towns county last fall, and purchased a portion of the Haulbrook place, to which he moved his family, consisting of his wife and mother (both estimable ladies) and several bright children. He presented himself to the Baptist church here as a member in good standing, and also bearing credentials as a licensed preacher. He soon organized a prayer meeting and Sunday school at the Berlin school house, and made up a respectable school in the neighborhood, and soon won

the entire confidence of quite a number of unsuspecting people. But it had been noticed for some time past that an undue familiarity existed between himself and one of his pupils, a young lady (whose name it is unnecessary to give). It is said that through the unexpected disclosure of some correspondence between them their criminal relations were brought to light. On Sunday before this occurred he went to Harmony Grove and pawned his watch for a quart of whisky, and on Sunday appeared at the school house in a state of disgraceful intoxication. He left his family in destitute circumstances and several creditors are in the lurch.

LATER.—Standridge returned Thursday last and said he had come to stay, but he has left again, and up to the time of going to press nothing definite has been heard from him.

We are reliably informed that he came home in a drunken condition, cursing the Bible and saying religion is a fudge and a fraud, for he has tried it and knows whereof he speaks. We hope our exchanges will pass him around.—Banks & Co. Observer.

REBELL OF HER BOY.

The Serbian Crown Prince was Taken from Queen Natalie and Sent to Belgrade.

WASHINGTON, July 13.—An officer, attending by twenty policemen, entered Queen Natalie's villa at 10 o'clock this morning and shortly after reappeared with young Prince Alexander, the Serbian Crown Prince and a lady of honor of the Queen's suite. The two were bundled into a close carriage and driven to the chief of the Serbian police, who placed him on the train. In a few minutes he and his charge were on their way to Belgrade. The journey will be made without a break.

It is believed that the Queen surrendered the boy without a struggle. The crowd cheered the Prince when he was brought out of the house. When the Queen received notice from the police that she must part with her son she telegraphed to King Milan, imploring him to allow the boy to remain with her another month. The King, however, was incensed at the abrupt manner in which the Queen had refused his conciliatory proposal for mediation, and telegraphed back to the Crown Prince's tutor that the boy must not remain with the Queen a day longer. The Queen had planned to fly with the boy, and with this intention had ordered a special train. She failed to state her destination, and the authorities refused to give her the train. Queen Natalie has been ordered to quit Germany within twenty-four hours.

NEW ORLEANS, July 17.—The Times-Democrat's special from Greenville, Miss., says: "Murray Lewis (colored), who some time ago, out of the throat of his mistress and threw her body into the river, was hanged to-day. He was baptized Sunday, and appeared to derive remarkable comfort from the religious exercises. Just before the trap fell Murray spoke to those present around the scaffold, warning them of the evil effects of dissolute women, bad men and whisky."

CHEATED THE GALLOWES.

Potts Makes a Second and Successful Attempt at Suicide.

From the Macon Telegraph.

RALPH, July 17.—W. A. Potts, who was to have been hanged at Washington N. C., for the murder of Paul Lincke, committed more than a year ago, and who made an attempt on his life with poison some days ago and was reprimanded, made a second attempt at suicide last night, and was successful. Eluding the guards, he took a dose of chloral and morphine big enough to kill him about 8 o'clock and died about 12 o'clock, notwithstanding the efforts of the doctors to save his life. Much feeling exists in Washington over the result, and there are intimations of foul play.

"Penny Wise and Pound Foolish."

That's what men are who plod along trying to do their business when they feel half dead. Their eyes are dim and throb; their head aches; the children annoy them; their wives lose their charms; they lose their ambition; they make mistakes in their accounts, and the whole world looks bad; they hate themselves and everyone else. And why? If you feel so why don't you stop and think a minute—or are you too stupid? Your liver, and blood are out of order that's all. You need a good regulator and tonic. Take a bottle of Dr. Pierce's Golden Medical Discovery, and you will feel like a new man. In three days your wife will be the prettiest and sweetest woman in the world your children's dispositions will be exactly like your own your business will improve and you will make money enough to pay for the "Golden Medical Discovery" a hundred times over. Don't be stubborn, but try it.

If you suffer from "cold in the head," or from Nasal Catarrh, see Dr. Sages Catarrh Remedy. It cures when everything else fails.

WASHINGTON, July 17.—The senate to-day took up and after some discussion passed the bill to place John C. Fremont on the retired list of the army as major general. The vote was 29 yeas to 21 nays.

WASHINGTON, July 17.—In the senate today the bill for the admission of the state of Washington was taken up and will be the unfinished business to-morrow. The senate at 4:40 o'clock adjourned.

WASHINGTON, July 17.—The committee on commerce has reported favorably to the house the bills for bridging the Chattahoochee river in Georgia and the Alabama river near Montgomery, Ala.

WASHINGTON, July 17.—The bonds offered to the treasury to-day aggregated \$1,553,100 and the acceptance \$1,100 registered at 127.—Savannah News.

MILLS CALLING HIS MEN.

Forty Democrats Absent from the City The Author Claims.

WASHINGTON, July 17.—About forty democratic members of the house are absent from the city. Telegrams urging them to return at once to vote on the tariff bill are being sent out by Chairman Mills, who wants every one of them present if possible when he asks the house to vote on his bill. He will therefore wait until Saturday before taking the vote on the final passage. He expects to have at least fifteen majority for H. He thinks Mr. Sowden is the only democrat likely to vote against the bill at the last. There is no truth in the report that Mr. Randall proposes to endanger his life by coming to the house to cast his vote against the bill.

A BLIGHTED LIFE.

From the Darlington News.

Many persons in this community will recollect a petite, pleasant looking young lady, named Theodosia Yates who assisted Mrs. Hynes at the Darlington Hotel. About four years ago, when Miss Yates, as she was called, was but sixteen years of age, a party of horse-drovers put up at the hotel for a short time, and among them was a pleasant, smooth-spoken man, aged 45 named Gray. This gentleman devoted himself particularly to Miss Yates, and in a short time the engagement of the two was announced. Her friends did not fancy the man and tried to dissuade her from marrying him but he seemed to have gained some fascination over her, and their efforts were of no avail. The ceremony was performed by the Rev. Mr. Jackson, who was at that time stationed here, and the couple left at once for the home of the groom in Tennessee. A short time afterwards there came along a man who knew the whole history of Gray's worthless life, and who reported among other things, that Gray had a wife and eight children at home, and that together with the occupation of horse-drover, he combined that of preacher. About four months after her marriage the unfortunate bride appeared in Florence, saying that her husband had sent her there, where he was to join her in a short time. Month after month went by in weary waiting, and still the patient little woman did not despair of her husband's ultimate return. A little child was born to her, lived a few months and died, leaving her again alone in the world. Finally the unfortunate woman came again to Darlington, where she obtained employment in the factory. A short time ago she contracted measles, and fell a victim to that disease on Saturday last. She was buried the following morning at the Baptist Church. Nothing has been heard of the record Gray since his pretended marriage here, and it is putting it mildly to say that this neighborhood would not have been a one for him on Sunday last. A sad, sad life has ended; and in the cold narrow grave lies a fair young girl whose brief earthly career was blighted by the perfidy of one of the grantees of recent unhung.

A Million On a Life.

From the Philadelphia Record.

The greatest achievement in the history of life insurance has been made by Mr. John Wanamaker, who is now paying premiums on \$1,000,000 to twenty-five different companies. The last policy issued on his life was received by him a few days since, and so far as is known there is no other man in the world whose life is insured for such an enormous amount. There are a number of men in this city who have been trying for years to achieve the point just reached by Mr. Wanamaker, but they have so far failed, although John B. Stetson, the hat manufacturer, has succeeded in getting policies on his life amounting to \$750,000. He is desirous of putting the amount up to a round million. The risks on Mr. Wanamaker's life are divided equally into life and fifty-year endowments, and he pays over \$66,000 annually in premiums to the different companies in which his risks are placed. In the matter of paying premiums he is assisted by Mr. Stetson, who pays \$85,000 in the same length of time, but the difference is accounted for by the fact that besides paying the premiums on the risks of his own life, he also pays those on the lives of his business manager and his son-in-law, both of whom he has insured for \$100,000 each, besides holding policies for large amounts on other people's lives. Should

Mr. Wanamaker allow the annual dividends to go uncollected until the risks on his life expires he will be entitled to about \$1,400,000. There are three companies which carry premiums of \$100,000 each on his life. But Mr. Wanamaker is not the only man in this city upon whose life big risks are issued. George W. Childs is insured for \$100,000, and so is Wharton Barker. Hamilton Diaton is insured for about \$150,000. J. G. Darlington is insured for one-tenth of a million, and his partner, Wm. M. Rank, for twice that amount.

CASSIDY DEAD.

The Savannah Murderer Killed by a Fall of Slate When at Work From the Macon Telegraph.

ATLANTA, July 17.—Conceal John R. Towers receive the following dispatch this morning from Captain W. O. Reese superintendent of the Dade county coal mines: "Cole City, July 16.—Thos. F. Cassidy, life time white convict from Chatham county, was killed by a fall of slate in the mines to-day. Will hold an inquest."

Thos. F. Cassidy passed through here June 5th last en route to Dade county mines, where he was received the following day and put to work. While in jail at Savannah he made a threat that no one could take no him to the penitentiary, but failed to execute it, as Connel Towers and Penitentiary Guard Turner experienced no trouble in removing him. He was kept securely chained all the way. Upon his arrival he was put to work digging coal in Senator Brown's mines and soon became popular with the convicts. Yesterday morning he went into the mines as usual to proceed with his work. In the afternoon he and a half-dozen other convicts were put to work in a coal room which had just been opened. The ceiling was so carelessly timbered that it was a perfect death-trap, and while the men were laying on their backs digging coal there was a crash caused by the timbers giving way, and down upon these unfortunate came several tons of slate. Cassidy seemed to be where the bulk of the slate fell, and was entirely covered up by the debris. One or two of the convicts succeeded in getting out from under the slate before they were hurt. A mass of convicts was then brought in from an adjoining room and the slate removed so that the men could be pulled out. Cassidy was found to be dead and his body terribly mangled. Two of the convicts had their legs broken, and the others who were injured were hurt internally.

As Cassidy has no relatives in Georgia it is not definitely known what disposition will be made of his body. He was a native of New York City. He went to Savannah several years ago and engaged in business running a laundry. He was considered a desperado when aroused, but under ordinary circumstances was peaceable and apparently harmless. About a year ago Tom Smith, a sailor boarding house keeper, was found dead on Tybee beach under suspicious circumstances. A party of young men from Savannah, while walking on the beach one moonlight night, came upon his body. Cassidy was at Tybee that night in company with a girl named Maggie Farrall, and on the evening of the killing, an hour or two previous to the finding of the body he was seen in company with Smith near the place where he was killed. Surrounding circumstances caused his arrest. He stoutly denied his guilt, but he was convicted on circumstantial evidence. His case came before the Supreme Court, and the decision of the court below was sustained. His sentence was for life.

 PUBLISHED WEEKLY AT DALLAS, GA.
 DALLAS, GA., July 27, 1888
 FOR PRESIDENT,
GROVER CLEVELAND,
 OF NEW YORK.
 FOR VICE PRESIDENT,
Allen G. Thurman,
 OF OHIO.

We are in receipt of the prospectus, classification of exhibits and premium list of the Augusta National Exposition. It is a handsome pamphlet of 72 pages, beautifully printed, and the matter is excellently arranged. It contains everything necessary to be known of this enterprise, and should be in the hands of every one who desires information respecting the scope and object of this great southern undertaking.

Augusta is spending herself to make this grand opening a great success, and judging from the progress already made it will be grand in all of its exhibit. The Editor of the Signal is billed for that important event.

Exposure to rough weather, getting wet, living in damp localities, are favorable to the contraction of diseases of the kidneys and bladder. As a preventive, and for the cure of all kidney and liver trouble, use that valuable remedy, Dr. J. H. McLean's Liver and Kidney Balm. \$1.00 per bottle.

The Woolfolk Motion Overruled. The argument on the motion for a new trial for T. G. Woolfolk was heard yesterday by Judge Gustin in chambers, and was refused. The case will go up to the Supreme Court.

Are you restless at night, and harassed by a bad cough? Use Dr. J. H. McLean's Tar Wine Lung Balm. It will secure you sound sleep, and effect a prompt and radical cure.

Master Workman Powderly, in a letter published in the Journal of United Labor, advises all Knights of Labor to boycott coffee until the corner is broken, and to be certain that they get pure coffee when they buy again. He says: Mechanics, laborers, miners, farmers and knights of labor generally, practice a little self-denial for a time and break the corner in coffee by refusing to buy it. Let us test the law and see if we will be arrested for boycotting an article made too dear by rogues who boycott the best interest of the people.

In 1874 Hon. Robert Quillian went from Lumpkin county, Ga., to Colorado to try his fortune. He had been a brave Confederate soldier, as adjutant of the 52d Georgia regiment. He is now an honored citizen of Huerfano, Colorado, and being urged to run as the democratic candidate for Governor of the State.

The above, we find in the news items of an exchange. The friends of Bob, who are numerous in this place, would be much gratified to know that he was chosen to occupy the gubernatorial chair of his chosen home in the far west, where he has gained fortune and much eminence.

If you suffer, prickling points on moving the eyes, or cannot bear bright light, and find your sight weak and failing, you should promptly use Dr. J. H. McLean's Strengthening Eye Salve 25 cents a box.

CHILDREN will freely take Dr. J. H. McLean's Tar Wine Lung Balm: unlike cough syrups, it contains no opium, will soothe and heal any disease of the throat or lungs quicker than any other remedy.

THE MARIETTA JOURNAL.—This valuable exchange, which has always been a credit to the weekly press of Georgia, comes to us this week, enlarged, and we do not say improved, for we can't see how its proprietors could improve its typographical appearance and general make up. But many new features have been added. A steam Press and fixtures, for their job department, in order to vie with Atlanta in work and prices, have been added. The Proprietors are Neal and Massey, two practical printers, who served from the devil up. And although Noah who used to get as black as the Devil, is not the man who built the Ark, but he, assisted by his partner, is getting up a paper that can't be excelled by anything in Georgia.

That's what men are who plod along trying to do their business when they feel half dead. Their eyes are dim and throb; their head aches; the children annoy them; their wives lose their charms they lose their ambition; they make mistake in their accounts, and the whole world looks blue; they hate themselves and everyone else, and why? If you feel so why don't you stop and think a minute—or are you too stupid? Your liver, and blood are out of order that's all. You need a good regulator and tonic. Take a bottle of Dr. Pierce's Golden Medical Discovery, and you will feel like a new man. In three days your wife will be the prettiest and sweetest woman in the world your children's dispositions will be exactly like your own your business will improve and you will make money enough to pay for the "Golden Medical Discovery" a hundred times over. TWENTY-THREE LIVES LOST.

A Cloud-Burst Sweeps the Country with Many Rivers, and Does Vast Damage to Life and Property—Graveyards Destroyed.

From the Macon Telegraph. PITTSBURG, July 20.—The Chronicle-Telegraph special from Wheeling at noon says the loss of life from the cloud burst last night is about twenty-five. About fifteen bodies have been found so far. The money loss is about \$150,000. The greatest loss of life was along Wheeling creek and at Triadelphia. Search this morning resulted in the discovery of a number of bodies near the latter place. Most of them were found among drift which had collected at Elm Grove. The body of William Gaston, aged sixty years, a prominent and wealthy person, was found near Elm Grove. His wife's remains were found two miles below Elm Grove hanging on a barbed wire fence. The body of Charles Canbrell, of the Wheeling News-Letter, aged fifty, was found among driftwood. Mrs. Jane Fay and her two grown up daughters, Alice and Mary, were discovered a short distance below Triadelphia, and the bodies of two brothers named Gorman were found in a meadow, where they had been hurled by the furious waters.

SHOCKING DETAILS.

WHEELING, W. V., July 20.—Later and authentic details from Triadelphia show the destruction was more appalling than anywhere else. Fifteen families are homeless and saved nothing but what they had on. Half of this village of 600 inhabitants was swept away, but all but those before named escaped to tee hills. The storm extended sixteen miles east of West Alexander, Pa., and the scene all along the way is one of desolation and inconceivable horror. Where Triadelphia school house, a large building of six rooms, stood, the creek is now a raging flood, and not a vestige of even the foundation remains. The whole south half of the town has disappeared as clear as if it never existed. The Wheeling relief committee, which recently raised funds for the Rowlesburg sufferers, expended the balance for provision and sent them to Triadelphia.

The Baltimore and Ohio railway, Pittsburg division, is practically destroyed for fifteen miles. Reports are coming in from all parts of Ohio county this morning, indicating that the storm was more disastrous to life and property in the country. It cannot be started at this hour how many lives have been lost. The loss in this city is known to be ten, with a number reported missing. Caldwell's Run, which passed through the eight ward of the city, was the scene of the greatest havoc. Three houses were swept away and all the inmates were drowned. They were Mrs. Barbara Stensell and son, Roman Stensell, Alice and Annie Wingert, of Miltonburg, O., nieces of Mrs. Stensell, John Homan and Mrs. Thomas Hawley and four children. Her husband was in the yard and was swept on a hundred yards down the bank in safety. Only two bodies have been recovered, those of Alice Wingert and Mrs. Stensell. Mrs. Johnson, a widow aged sixty, residing at Clinton, this county, died from fright. Later dispatches from Wheeling say twenty-three persons are known to be drowned. Among the number was the sheriff of Marshall county. The cemeteries were washed out and coffins with bodies floated down the river.

Rev O. W. Winkfield, of Union Point Ga., suffered terribly for twelve years from articular and sciatic rheumatism. He consulted numerous physicians and tried all sorts of medicine. Finally he began taking the Swift Specific as a forlorn hope and by its use he was entirely restored. He writes: "I feel like a new man. I cannot attribute my miraculous and perfect cure to anything but the Swift Specific. I know that it alone cured me, for nothing else had done me any good for twelve years. I owe my restoration and strength for labor and religious duties alone to this grand remedy and gladly make this statement for the benefit of all sufferers from this most torturing disease—rheumatism."

Officers of the Mexican War.

In the house this morning Mr. Townsend of Illinois from the committee on Military affairs reported a resolution calling on the Secretary of the Interior for information as to what action he has taken with reference to officers of the army and navy who served honorably through the Mexican war and whose names have been dropped from the rolls. The resolution was adopted. The names were dropped because of the action of the officers in joining the confederate forces. It is stated that the commissioner of pensions has refused to grant applications for pension in such cases.

SWEEPED OVER NIAGARA.

Young and Beautiful Mrs. Tully Meets a Terrible Fate.

From the Macon Telegraph. NIAGARA FALLS, July 19.—Mrs P. J. Tully, a young handsome married woman, lost her life this afternoon by going over the American falls. Mrs. Tully was 22 years old, and came here with her husband from Macon, Ga., a few months ago. Unknown to her husband, she accepted an invitation to go out sailing with Will H. Barber, whose mother keeps the Grand Trunk ticket office in the International hotel. They started early from Port Day, and had gone quite a distance up the river, when, in making a tack, Barber let go the sail, and the boat turned keel up.

Barber is weak physically, and Mrs. Tully was badly frightened. They drifted down the river toward the cataract, slowly getting nearer the upper rapids. Their predicament was discovered by the crew of Sherman U. Jewett's Buffalo yacht Titania, and a small boat was sent in all haste to their aid. It was an emergency that required a steady hand and quick decisive work. The rescuers succeeded in reaching the overturned boat, to which Mrs. Tully and Barber were clinging in desperation.

Barber was rescued but Mrs. Tully let go from the capsized yacht, to which she had been clinging, and slipped down into the water. Her hat was seen several hundred feet down the rapids, and at 6:15 o'clock her body, almost lifeless, passed under the Goat Island bridge, going over the American falls a few seconds later. Her husband left the bridge a few minutes before this, having been there with his partner watching for it.

Tully and his wife came here from Macon, Ga., a few weeks ago, and boarded at Owens' hotel. She was 22 years old, and had been married three years. She had the reputation of being the handsomest brunette at Niagara.

The first things taught Alaskan children are to dance, shoot the bow arrow and to smoke. It is a common thing to see a mother take the child from her breast and give it her pipe.

A woman who died at Marseilles desired by her will that her heart might be placed in the tomb of her second husband and her body in the tomb of her first husband. The question naturally arises, which husband did she love the better?

DAHLONEGA SIGNAL.

DAHLONEGA, GA., July 27, '88.

Our young friend W. S. Shockley, Jr., formerly of the N. G. A. College is spending a few days with his many friends in Dahlonega. He is engaged in the drug business at Norcross and is doing a very lucrative business. We wish him a pleasant visit among us.

If Will should conclude to add a female department to his Drug business, we are of the opinion that a lady of this city will be chosen to preside over that department. However, time will prove his decision in the matter.

FUNERAL SERVICE.—The funeral service at the Waters place on the head of Chestnut in memory of Mr. W. Waters, and which was conducted by the Rev. C. W. Stargel, was long and interesting. Several hundred people were present—many were there from western North Carolina.

Capt. Ingersoll visited his old home place in White, a few days ago, and reports mining on a boom. A rich hill deposit has been developed on the Glover property, and it is good for about three dollars to the hand. The present find indicates a long and profitable job.

Wm. H. Conrath, is pushing operations in mining circles, and expects to obtain some very lucrative results in the gold mining business.

Sick headache, wind on the stomach, biliousness, nausea, are promptly and agreeably banished by Dr. J. H. McLean's Little Liver and Kidney Pills. 25c a vial. 2

PLEASANT MEETING.—The many friends of Mrs. P. O'Connor, one of Atlanta's noble women, are gratified to see her once more in Dahlonega, after an absence of thirty odd years. Mrs. Maggie Wilson, her daughter, accompanies her and they are stopping at Mr. A. G. Wimpy's. She is anxious to find her husband's grave. Mr. Terrell Singleton, who died and was buried here away back in the fifties. Probably some of the old citizens can identify the grave. These ladies will no doubt have a pleasant time in Dahlonega with their many friends and relatives.

Persons who lead a life of exposure are subject to rheumatism, neuralgia and lumbago and will find a valuable remedy in Dr. J. H. McLean's Volcanic Oil Liniment; it will banish pain and subdue inflammation. 7

Miss Joe Jackson is spending the summer at Tate, Pickens co., Ga.

Cedar Mountain Camp-meeting will embrace the fourth Sunday in August, beginning on Friday night before, and closing Wednesday morning following.

W. B. Austin, P. C., Porter Springs, July 21st, 1888.

Kerr's thread is equal, if not better than Coat's, evinced by the many tests that have been made. It is a fac simile of J. P. Coat's—made by the same machinery, and by the inventor of much of the fine machinery used in the manufacture of J. P. Coat's & Co. When your merchant presents it to you, you can be assured that it will give perfect satisfaction. For sale by Hall Med. Co.

Physicians prescribe Dr. J. H. McLean's Tar Wine Lung Balm; in it they find no trace of opium or morphia, while its efficacy in curing all throat or lung diseases is wonderful. 6

ANNOUNCEMENT.—In order to meet the demands of the many citizens who desire to come before the people for their suffrage, we make this announcement, that we will meet their notices until day of election, under the head of announcements called for, for the small sum of THREE DOLLARS. Now is your chance if you have any confidence in your engineering qualifications for office.

Prof. Wilson, after an absence of several weeks, has returned to "Home Sweet Home."

CERTAINLY A CANDIDATE.—Wm. H. Satterfield is certainly a candidate for Sheriff of Lumpkin county, the report to the contrary notwithstanding, and the only way to get him out is to knock him off of the track at the polls.

THERE are many accidents and diseases which affect Stock and cause serious inconvenience and loss to the farmer in his work, which may be quickly remedied by the use of Dr. J. H. McLean's Volcanic Oil Liniment. 9

Manual, you all know Manuel. He came into the office to hire a colored man to the senior, to cut wood, but admonished the senior not to call George a "nigger" if he did he would leave his job. He said he must be called a gentleman of color. Manual says he is going to fatten his old boss pretty soon, and then he will be better able to feed his gang of niggers down on crooked creek.

When nature falters and requires help, recruit her enfeebled energies with Dr. J. H. McLean's Strengthening Cordial and Blood Purifier. \$1.00 per bottle. 3

Prof. Gaillard, steps off a little livelier now. It's a fine boy and all are doing well.

John's Chapel meeting closed on last Sunday, on account of the District meeting at Brasstown Towns county, Ga. A good many of our citizens have gone over to attend the services.

BESSIE HOTEL.—Mr. Joe M. Gurley has leased the Bessie Hotel, and took possession on last Monday the 23rd inst. With Mr. Gurley's experience in the wants of the traveling public, we vouchsafe in saying, that the establishment will maintain its reputation in every respect. No pains will be spared to furnish the table with all the luxuries of the season, and as the location is first class and the rooms and furniture in nice order, the traveling public will find comfort and pleasure in stopping with Mr. Gurley. He solicits a liberal share of the public patronage.

A Row.—On Sunday evening last a difficulty occurred between Robt. Howell and Jesse Townsend, and a fight ensued, rocks were used and the belligerents went up to some extent. They were separated. Howell went one way and Townsend the other, but Townsend not being satisfied he followed Howell on to the public square and made an attack upon him with a knife with intent probably to kill. However, Howell defended himself as best he could against the attack, and only received a slight mark about the neck.

Townsend became very boisterous and unmanageable and in the absence of the marshal Mr. Elisha Strickland was called in by the Mayor, and he soon put a stop to Mr. Townsend's operations and landed him in jail.

On Monday he gave bond for his appearance before the September term of Lumpkin Superior Court, and he has gone on his way rejoicing.

Men who are engaged in the liquor traffic were in town on Saturday supplying their engagements, hence the result of this disgraceful Sunday service. It does seem to us that the officers of the law could put a stop to this bold traffic and thereby rid our town of a nuisance which is very dangerous to those who will drink liquor when they can get it.

Death of Miss N. L. Nash.

ATLANTA, July 21.—The death of Miss N. L. Nash, of Harmony Grove a young lady twenty-four years of age, occurred last night about 12 o'clock at the home of her sister on Mechanic street. Her death was caused by consumption. This afternoon her remains were forwarded to Harmony Grove for interment.

The above dispatch attracted our attention, and after duly considering the matter, we are of the opinion that this is Miss Jennie Nash, who resided here for a year or more, and who went away from here with her sister, Mrs. Ray, to Atlanta.

"Black Betty" Capture at Last.

On last Saturday morning Deputy Collector McAfee and Deputy Marshal Harrison, seized an illicit distillery in Union county, consisting of a 50 gallon still, cup and worm, lot of beer mash and tubs. Also, arrested Thomas Holloway and Jacob Postell, who were brought before Commissioner Baker, in this place. The parties waived examination and gave bond for their appearance in U. S. Court in Atlanta. They seized and brought out an old fashioned Horseman's pistol which was found lying near Holloway in the distillery.

Bankers may go to Canada and be safe; but there is no use to try Canada District to be a safe place to run a still that has done as much mischief as "Black Betty" has done in Lumpkin. The officers say that the copper that the still was made of is the same kind of sheet copper that is used in the gold mills, about three times the thickness of ordinary sheet copper used in making stills.

"Have any of the mines lost any copper plates?"

Brunswick News: Bon Jones is the lucky man of Macon. He was approached on the streets one day not long ago by a poor old woman, who handed him 56 cents, with a request to buy her a lottery ticket. He laughed, and told her one dollar's worth was the smallest that could be had in Louisiana. She begged him to furnish the other half and she would divide the prize. He said all right, and sent off the money. Day before yesterday he was notified that the number—had drawn \$300, and now he will be besieged with old ladies who think him a lucky man.

ANNOUNCEMENTS:

FOR SHERIFF.
I, K. T. Satterfield, myself for SHERIFF, and as it is somewhat a neat and broad question and with the kind regards for the good people of Lumpkin county, for the past years conferred upon me and with good will toward all men in this world again advance myself for the office of Sheriff of Lumpkin county at the January election in 1889.

Now, good people, if you cannot suit yourselves any better, give the office to your old SHERIFF, who has served you to the best of his ability.

Your Humble Servt.
W. H. SATTERTFIELD.

April 13th, 1888.

COMER'S GUARANTEED CHICKEN

Cholera Cure!
After using this medicine for the past ten years, and never failing a case of Cholera, I feel no hesitancy in offering it for sale with a guarantee that it will cure every chicken that has the Cholera with life enough to eat a particle of the medicine. Your dealer will REFUND THE MONEY, IF IT FAILS TO CURE.

Please read the following TESTIMONIALS.

Judge HOWARD CARR, who is authority on all points pertaining to the poultry yard, publishes the following letter in the Southern Farmer:—"COMER'S GUARANTEED CHICKEN CHOLERA CURE.—This Summer I have had the first touch of cholera in my yard for several years. I lost my best cock and several hens. My neighbor, Mr. James T. Comer, of Athens, Ga., heard of my trouble and sent me, to try, a package of his Cholera Cure. When I used this medicine I had two hens in collapse condition, and two gone to eat and about to die. Several others were affected. I fed the remedy in food, as directed, to the flock. I gave the two hens named the medicine in solution. One of these died, the other is now well. In twenty-four hours she was relieved, and in one week entirely well. The other affected fowls all recovered health and vigor in a few days. No other case developed. All my stock are now well. It is a month now since the disease disappeared. I believe the remedy of my friend Comer saved me from a destructive mishap of the worst destroyer of fowls."

HARMONY GROVE, GA., August 2, 1887.—This is to certify that I have given Comer's Guaranteed Chicken Cholera Cure a trial, and can safely recommend it as a certain cure for this fatal disease among fowls.

W. J. GOSS.

ATLANTA, GA., Mar. 2, 1888.—Ma. J. T. Comer.—Dear Sir: When I got the package of Cholera Cure from you my fowls were affected with something that I supposed was the cholera in its first stages. We gave them only a few doses, and since that time they seem perfectly healthy, and are now in splendid condition. Yours truly,

W. C. ORR.

HARMONY GROVE, GA., March 8, 1888.—J. T. Comer, Athens, Ga., can recommend your C. G. C. C. to any one. It is all you claim for it. Respectfully,

R. L. HARDMAN.
